Euro Medium Term Note Programme

Under this EUR 6,000,000,000 Euro Medium Term Note Programme (the "**Programme**"), Hemsö Fastighets AB and Hemsö Treasury Oyj ("**Hemsö Treasury**") (the "**Issuers**" and each an "**Issuer**") may from time to time issue notes (the "**Notes**") denominated in any currency agreed between the relevant Issuer and the relevant Dealer(s) (as defined below). Notes under the Programme may be issued by either Issuer. Notes issued by Hemsö Treasury will be unconditionally and irrevocably guaranteed by Hemsö Fastighets AB (in its capacity as Guarantor only, the "**Guarantor**").

This Base Prospectus (the "**Base Prospectus**") has been approved by the Central Bank of Ireland (the "**Central Bank of Ireland**"), as competent authority under Regulation (EU) 2017/1129, as amended (the "**EU Prospectus Regulation**"). The Central Bank of Ireland only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the EU Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuers or the quality of the Notes that are the subject of this Base Prospectus. Investors should make their own assessment as to the suitability of investing in the Notes. Such approval relates only to Notes issued under the Programme within twelve months after the date hereof.

Such approval relates only to the Notes which are to be admitted to trading on the regulated market of the Irish Stock Exchange plc trading as Euronext Dublin ("**Euronext Dublin**") or another regulated market for the purposes of Directive 2014/65/EU (as amended, "**MiFID II**").

Application has been made to Euronext Dublin for Notes issued under the Programme during the period of 12 months after the date of this Base Prospectus to be admitted to the official list (the "**Official List**") and to trading on its regulated market. References in this Base Prospectus to Notes being "**listed**" (and all related references) on Euronext Dublin shall mean that such Notes have been admitted to the Official List and to trading on its regulated market. This Base Prospectus comprises a base prospectus for the purposes of Article 8 of the EU Prospectus Regulation. Any website referred to in this document does not form part of this Base Prospectus and has not been scrutinised or approved by the Central Bank of Ireland.

The Notes may be issued on a continuing basis to one or more of the Dealers specified under "**Overview of the Programme**" and any additional Dealer appointed under the Programme from time to time by an Issuer (each a "**Dealer**" and together the "**Dealers**"), which appointment may be for a specific issue or on an ongoing basis. References in this Base Prospectus to the **relevant Dealer** shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to subscribe such Notes.

The Programme also permits Notes to be issued on the basis that they will not be admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system or that they may be admitted to listing, trading and/or quotation by such other or further competent authorities, stock exchanges and/or quotation systems as may be agreed with the relevant Issuer.

Hemsö Fastighets AB has a corporate rating of A- from S&P Global Ratings Europe Limited ("**S&P**"), a corporate rating of A3 from Moody's Investors Service (Nordics) AB ("**Moody's**") and a corporate rating of AA- from Fitch Ratings Ireland Limited ("**Fitch**"). Notes to be issued under the Programme may be rated by S&P, Moody's and/or Fitch. S&P, Moody's and Fitch are established in the European Economic Area ("**EEA**") and registered under Regulation (EC) No. 1060/2009 (as amended) (the "**EU CRA Regulation**"). S&P, Moody's and Fitch are included in the list of registered credit rating agencies (as of the date of this Base Prospectus) published by the European Securities and Markets Authority ("**ESMA**") on its website (<http://www.esma.europa.eu/page/List-registered-and-certified-CRAs>) in accordance with the EU CRA Regulation. S&P,

Moody's and Fitch are not established in the United Kingdom ("UK") and have not applied for registration under Regulation (EC) No. 1060/2009 as it forms part of domestic law in the UK by virtue of the European Union (Withdrawal) Act 2018 (the "EUWA") (the "UK CRA Regulation"). Accordingly, the ratings issued by S&P have been endorsed by S&P Global Ratings UK Limited, the ratings issued by Moody's have been endorsed by Moody's Investors Service Limited and the ratings issued by Fitch have been endorsed by Fitch Ratings Ltd in accordance with the UK CRA Regulation and have not been withdrawn. Each of S&P Global Ratings UK Limited, Moody's Investors Service Limited and Fitch Ratings Ltd are established in the UK and registered under the UK CRA Regulation.

A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

IMPORTANT NOTICES

IMPORTANT – EEA RETAIL INVESTORS: If the Final Terms (or Drawdown Prospectus, as the case may be) in respect of any Notes includes a legend entitled "Prohibition of Sales to EEA Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a "retail investor" means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive (EU) 2016/97 (the "Insurance Distribution Directive"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the EU Prospectus Regulation. Consequently, no key information document required by Regulation (EU) No. 1286/2014 (as amended, the "PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

IMPORTANT – UK RETAIL INVESTORS – If the Final Terms (or Drawdown Prospectus, as the case may be) in respect of any Notes includes a legend entitled "Prohibition of Sales to UK Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the UK. For these purposes, a "retail investor" means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law in the UK by virtue of the EUWA; (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000, as amended (the "FSMA") and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law in the UK by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law in the UK by virtue of EUWA. Consequently no key information document required by Regulation (EU) No. 1286/2014 as it forms part of domestic law in the UK by virtue of the EUWA (the "UK PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

MiFID II PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms (or Drawdown Prospectus, as the case may be) in respect of any Notes may include a legend entitled "MiFID II product governance" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the Product Governance rules under EU Delegated Directive 2017/593 (the "MiFID Product Governance Rules"), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

UK MiFIR PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms (or Drawdown Prospectus, as the case may be) in respect of any Notes may include a legend entitled "UK MiFIR product governance" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any distributor should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "UK MiFIR Product Governance Rules") is responsible for

undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

Responsibility for this Base Prospectus

The Issuers and the Guarantor accept responsibility for the information contained in this Base Prospectus and any Final Terms and declare that, to the best of their knowledge, the information contained in this Base Prospectus is in accordance with the facts and this Base Prospectus makes no omission likely to affect its import.

Final Terms/Drawdown Prospectus

Each Tranche (as defined herein) of Notes will be issued on the terms set out herein under "*Terms and Conditions of the Notes*" (the "**Conditions**") as completed by a document specific to such Tranche called final terms (the "**Final Terms**") or in a separate prospectus specific to such Tranche (the "**Drawdown Prospectus**") as described under "*Final Terms and Drawdown Prospectuses*".

Other relevant information

This Base Prospectus must be read and construed together with any supplements hereto and with any information incorporated by reference herein and, in relation to any Tranche of Notes which is the subject of Final Terms, must be read and construed together with the relevant Final Terms. In the case of a Tranche of Notes which is the subject of a Drawdown Prospectus, each reference in this Base Prospectus to information being specified or identified in the relevant Final Terms shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Prospectus unless the context requires otherwise.

The Issuers and the Guarantor have confirmed to the Dealers named under "*Subscription and Sale*" below that this Base Prospectus contains all information which is (in the context of the Programme, the issue, offering and sale of the Notes and the Guarantee of the Notes) material; that such information is true and accurate in all material respects and is not misleading in any material respect; that any opinions, predictions or intentions expressed herein are honestly held or made and are not misleading in any material respect; that this Base Prospectus does not omit to state any material fact necessary to make such information, opinions, predictions or intentions (in the context of the Programme, the issue and offering, sale of the Notes and the Guarantee of the Notes) not misleading in any material respect; and that all proper enquiries have been made to verify the foregoing.

Other than in relation to the documents which are deemed to be incorporated by reference (see "*Information Incorporated by Reference*"), the information on the websites to which this Base Prospectus refers do not form part of this Base Prospectus and has not been scrutinised or approved by the Central Bank of Ireland.

Unauthorised information

No person has been authorised to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other document entered into in relation to the Programme or any information supplied by the Issuers and the Guarantor or such other information as is in the public domain and, if given or made, such information or representation should not be relied upon as having been authorised by the Issuers and the Guarantor or any Dealer.

Neither the Dealers nor any of their respective affiliates have authorised the whole or any part of this Base Prospectus and none of them makes any representation or warranty or accepts any responsibility as to the accuracy or completeness of the information contained in this Base Prospectus or accepts any responsibility for any act or

omission of the Issuers, the Guarantor, or any other person in connection with the issue and offering of the Notes under the Programme. Neither the delivery of this Base Prospectus or any Final Terms nor the offering, sale or delivery of any Note shall, in any circumstances, create any implication that the information contained in this Base Prospectus is true subsequent to the date hereof or the date upon which this Base Prospectus has been most recently supplemented or that there has been no adverse change, or any event reasonably likely to involve any adverse change, in the prospects or financial position or performance of the Issuers and/or the Guarantor since the date thereof or, if later, the date upon which this Base Prospectus has been most recently supplemented or that any other information supplied in connection with the Programme is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

Notes issued as Green Bonds, Sustainability Bonds or Social Bonds

None of the Dealers accepts any responsibility for any social, environmental and sustainability assessment of any Notes issued as Green Bonds, Sustainability Bonds, or Social Bonds (each term as defined in the "*Use of Proceeds*" section of this Base Prospectus) or makes any representation or warranty or gives any assurance as to whether such Notes will meet any investor expectations or requirements regarding such "green", "sustainable", "social" or similar labels (including, but not limited to, Regulation (EU) 2020/852 on the establishment of a framework to facilitate sustainable investment (the "**EU Taxonomy Regulation**") and any related technical screening criteria, the EuGB label or the optional disclosures for bonds marketed as environmentally sustainable and for sustainability-linked bonds under Regulation (EU) 2023/2631 (the "**EU Green Bond Regulation**"), Regulation (EU) 2019/2088 on sustainability-related disclosures in the financial services sector ("**SFDR**") and any implementing legislation and guidelines, or any similar legislation in the UK or any markets standards or guidance, including green, sustainable or social bond principles or other similar principles or guidance published by the International Capital Market Association ("**ICMA**") (the "**ICMA Principles**") or any requirements of such labels or market standards as they may evolve from time to time (see the Risk Factor "*Notes issued as Green Bonds, Sustainability Bonds or Social Bonds with a specific use of proceeds, may not meet investor expectations or requirements*"). None of the Dealers is responsible for the use or allocation of proceeds for any Notes issued as Green Bonds, Sustainability Bonds or Social Bonds, nor the impact, monitoring or reporting in respect of such use of proceeds, or the alignment of Notes issued as Green Bonds, Sustainability Bonds or Social Bonds in line with the Issuer's Framework (as defined below) or alignment of the Issuer's Framework with the applicable ICMA Principles, nor do any of the Dealers undertake to ensure that there are at any time sufficient Eligible Projects and Assets (as defined in "*Risk Factors – Notes issued as Green Bonds, Sustainability Bonds or Social Bonds with a specific use of proceeds, may not meet investor expectations or requirements*" below) to allow for allocation of a sum equal to the net proceeds of the issue of such Green Bonds, Sustainability Bonds or Social Bonds in full.

Hemsö published its updated sustainable finance framework in February 2023 (as amended or updated from time to time, the "**Framework**"). None of the Dealers is responsible for the assessment of the Framework, including the assessment of the applicable eligibility criteria in relation to Green Bonds, Sustainability Bonds or Social Bonds set out therein. Sustainability has evaluated the Framework and issued an independent opinion on the Framework dated 8 March 2023 (the "**Second Party Opinion**") confirming that it aligns with the Green Bond Principles 2021 (including the updated Appendix I of June 2022) (the "**Green Bond Principles**"), the Social Bond Principles 2021 (including the updated Appendix I of June 2022) (the "**Social Bond Principles**") and with the Sustainability Bond Guidelines 2021 (the "**Sustainability Bond Guidelines**"). The Second Party Opinion provides an opinion on certain environmental and related considerations and is not intended to address any credit, market or other aspects of an investment in any Notes, including without limitation market price, marketability, investor preference or suitability of any security. The Second Party Opinion is a statement of opinion, not a statement of fact.

No representation or assurance is given by the Dealers as to the suitability or reliability of the Framework, the Second Party Opinion or any opinion, report or certification of any third party (including any post-issuance reports prepared by an external reviewer) which may be made available in connection with any issue of Green Bonds, Sustainability Bonds or Social Bonds and in particular with any Eligible Projects and Assets to fulfil any environmental, sustainability, social and/or other criteria. The Second Party Opinion and any other such opinion,

report, post-issuance report or certification is not, nor should be deemed to be, a recommendation by the Issuers, the Guarantor, the Dealers or any other person to buy, sell or hold any Notes and is current only as of the date it is issued. The criteria and/or considerations that formed the basis of the Second Party Opinion or any such other opinion, report, post-issuance report or certification may change at any time and the Second Party Opinion may be amended, updated, supplemented, replaced and/or withdrawn. Prospective investors must determine for themselves the relevance of any such opinion, report, post-issuance report or certification and/or the information contained therein. The Framework may also be subject to review and change and may be amended, updated, supplemented, replaced and/or withdrawn from time to time and any subsequent version(s) may differ from any description given in this Base Prospectus.

The Framework, the Second Party Opinion and any public reporting by or on behalf of the relevant Issuer in respect of the application of proceeds of the issue of any Green Bonds, Sustainability Bonds or Social Bonds will be available on Hemsö's website at <https://www.hemsoe.com/investors/financing/sustainable-bonds/>. For the avoidance of doubt, none of the Framework, the Second Party Opinion and any other such opinion, report, post-issuance report or certification will be incorporated by reference into or form part of, this Base Prospectus. None of the Dealers makes any representation as to the suitability or content of such materials. In the event any such Notes are, or are intended to be, listed, or admitted to trading on a dedicated "green", "sustainable", "social" or other equivalently-labelled segment of a stock exchange or securities market, no representation or assurance is given by the Dealers, the Issuers or the Guarantor that such listing or admission will be obtained or maintained for the lifetime of the Notes.

Restrictions on distribution

The distribution of this Base Prospectus and any Final Terms and the offering, sale and delivery of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus or any Final Terms comes are required by the relevant Issuer, the Guarantor (if applicable) and the Dealers to inform themselves about and to observe any such restrictions. For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of this Base Prospectus or any Final Terms and other offering material relating to the Notes, see "*Subscription and Sale*". In particular, the Notes and the Guarantee have not been nor will they be registered under the United States Securities Act of 1933 (as amended) (the "**Securities Act**") and may include Bearer Notes (as defined herein) that are subject to U.S. tax law requirements. The Notes and the Guarantee may not be offered or sold in the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act) except pursuant to an exemption from such registration and in accordance with all applicable securities laws of any state of the United States and any other jurisdiction. In addition, subject to certain exceptions, Bearer Notes may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons (as defined in the U.S. Internal Revenue Code of 1986, as amended (the "**Code**")).

Neither this Base Prospectus nor any Final Terms constitutes an offer or an invitation to subscribe for or purchase any Notes and should not be considered as a recommendation by the Issuers, the Guarantor, the Dealers or any of them that any recipient of this Base Prospectus or any Final Terms should subscribe for or purchase any Notes. Each recipient of this Base Prospectus or any Final Terms shall be taken to have made its own investigation and appraisal of the condition (financial or otherwise) of the Issuers and the Guarantor.

Suitability of Investment

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional advisers, whether it:

- (a) has sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement;

- (b) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (c) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (d) understands thoroughly the terms of the Notes and is familiar with the behaviour of any relevant indices and financial markets; and
- (e) is able to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Programme limit

The maximum aggregate principal amount of Notes outstanding at any one time under the Programme will not exceed EUR 6,000,000,000 (and for this purpose, any Notes denominated in another currency shall be translated into EUR at the date of the agreement to issue such Notes (calculated in accordance with the provisions of the Dealer Agreement)). The maximum aggregate principal amount of Notes which may be outstanding at any one time under the Programme may be increased from time to time, subject to compliance with the relevant provisions of the Dealer Agreement as defined under "*Subscription and Sale*".

Validity of Prospectus and Prospectus Supplements

This Base Prospectus is valid for 12 months. The obligation to supplement this Base Prospectus in the event of a significant new factor, material mistake or material inaccuracy does not apply when this Base Prospectus is no longer valid.

Certain definitions

In this Base Prospectus, unless otherwise specified, references to:

- a "**Member State**" are to a Member State of the EEA;
- the "**UK**" are to the United Kingdom;
- "**U.S.\$**", "**U.S. dollars**" or "**dollars**" are to United States dollars;
- "**EUR**" or "**euro**" are to the currency introduced at the start of the third stage of European economic and monetary union, and as defined in Article 2 of Council Regulation (EC) No 974/98 of 3 May 1998 on the introduction of the euro, as amended;

Certain figures included in this Base Prospectus have been subject to rounding adjustments; accordingly, figures shown for the same category presented in different tables may vary slightly and figures shown as totals in certain tables may not be an arithmetic aggregation of the figures which precede them.

The language of this Base Prospectus is English. Certain legislative references and technical terms have been cited in their original language in order that the correct technical meaning may be ascribed to them under applicable law.

In this Base Prospectus, unless the contrary intention appears, a reference to a law or a provision of a law is a reference to that law or provision as extended, amended or re-enacted.

Alternative Performance Measures

Certain terms used in this Base Prospectus and financial measures presented in the information incorporated by reference section are not defined in accordance with the International Financial Reporting Standards ("**IFRS**") ("**Alternative Performance Measures**" or "**APMs**") and may therefore not be considered as an alternative to the financial measures defined in the accounting standards in accordance with generally accepted accounting principles. Hemsö presents APMs because it believes that these measures provide useful supplementary information to both investors and Hemsö's management, as they facilitate the evaluation of company performance. It is to be noted that, since not all companies calculate financial measurements in the same manner, these APMs are not always comparable to measurements used by other companies. Accordingly, these financial measures should not be seen as a substitute for measures defined according to IFRS.

For definitions and further explanations of Alternative Performance Measures, please refer to the relevant sections of the 2024 Financial Statements, the 2023 Financial Statements and the Q3 2025 Financial Statements (each as defined below), as set out in "*Information Incorporated by Reference*", below.

Ratings

Tranches of Notes issued under the Programme will be rated or unrated. Where a Tranche of Notes is rated, such rating will not necessarily be the same as the rating(s) described above or the rating(s) assigned to Notes already issued. Where a Tranche of Notes is rated, the applicable rating(s) will be specified in the relevant Final Terms. Whether or not each credit rating applied for in relation to a relevant Tranche of Notes will be (1) issued or endorsed by a credit rating agency established in the EEA and registered under the EU CRA Regulation or by a credit rating agency which is certified under the EU CRA Regulation and/or (2) issued or endorsed by a credit rating agency established in the UK and registered under the UK CRA Regulation or by a credit rating agency which is certified under the UK CRA Regulation will be disclosed in the applicable Final Terms.

In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not (1) issued by a credit rating agency established in the EEA and registered under the EU CRA Regulation, (2) provided by a credit rating agency not established in the EEA but is endorsed by a credit rating agency established in the EEA and registered under the EU CRA Regulation or (3) provided by a credit rating agency not established in the EEA which is certified under the EU CRA Regulation.

In general, UK regulated investors are restricted from using a rating for regulatory purposes if such rating is not (1) issued by a credit rating agency established in the UK and registered under the UK CRA Regulation, (2) provided by a credit rating agency not established in the UK but is endorsed by a credit rating agency established in the UK and registered under the UK CRA Regulation or (3) provided by a credit rating agency not established in the UK which is certified under the UK CRA Regulation.

Product Classification Pursuant to Section 309B of the Securities and Futures Act 2001

The Final Terms in respect of any Notes may include a legend entitled "*Singapore Securities and Futures Act Product Classification*" which will state the product classification of the Notes pursuant to section 309B(1) of the Securities and Futures Act 2001 of Singapore, as modified or amended from time to time (the "SFA"). If applicable, the relevant Issuer will make a determination and provide the appropriate written notification to "relevant persons" in relation to each issue about the classification of the Notes being offered for purposes of section 309B(1)(a) and Section 309B(1)(c) of the SFA.

EU Benchmarks Regulation

Interest and/or other amounts payable under the Notes may be calculated by reference to certain reference rates. Any such reference rate may constitute a benchmark for the purposes of Regulation (EU) 2016/1011 (as amended, the "**EU Benchmarks Regulation**"). If any such reference rate does constitute such a benchmark, the Final Terms will indicate whether or not the benchmark is provided by an administrator included in the register of administrators and benchmarks established and maintained by ESMA pursuant to Article 36 (Register of administrators and benchmarks) of the EU Benchmarks Regulation. Transitional provisions in the EU Benchmarks Regulation may have the result that the administrator of a particular benchmark is not required to appear in the register of administrators and benchmarks at the date of the Final Terms. The registration status of any administrator under the EU Benchmarks Regulation is a matter of public record and, save where required by applicable law, the relevant Issuer does not intend to update the Final Terms to reflect any change in the registration status of the administrator.

Stabilisation

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) in the applicable Final Terms may over allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilisation Manager(s) (or person(s) acting on behalf of any Stabilisation Manager(s)) in accordance with all applicable laws and rules.

RISK FACTORS

Any investment in the Notes is subject to a number of risks. Prior to investing in the Notes, prospective investors should carefully consider the risk factors associated with any investment in the Notes, the business of the Issuers and the Guarantor and the industry in which they operate together with all other information contained in this Base Prospectus, including, in particular, the risk factors described below. Words and expressions defined in the "Terms and Conditions of the Notes" below or elsewhere in this Base Prospectus have the same meanings in this section.

In purchasing Notes, investors assume the risk that the relevant Issuer and, if applicable, the Guarantor, may become insolvent or otherwise be unable to make all payments due in respect of the Notes. There is a wide range of factors which individually or together could result in an Issuer or, as the case may be, the Guarantor, becoming unable to make all payments due. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the relevant Issuer and, if applicable, the Guarantor, may not be aware of all relevant factors and certain factors which it currently deems not to be material may become material as a result of the occurrence of events outside the relevant Issuer's or, if applicable, the Guarantor's control. The Issuers and, as the case may be, the Guarantor have identified in this Base Prospectus a number of factors which could materially adversely affect their business and ability to make payments due.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.

FACTORS THAT MAY AFFECT THE ISSUERS' AND, AS THE CASE MAY BE, THE GUARANTOR'S, ABILITY TO FULFIL THEIR OBLIGATIONS UNDER NOTES ISSUED UNDER THE PROGRAMME

Industry and business-related risks

Risks related to macroeconomic factors

The property industry, and therefore Hemsö, is affected to a large extent by macroeconomic factors such as general economic trends, growth, employment levels, the rate of production of new housing and commercial premises, changes in infrastructure, population growth, demographic trends, inflation and interest rate levels.

Global macroeconomic conditions may, for example, be adversely affected by geopolitical tensions, conflicts and/or expansion of sanctions, in particular as a result of the war between Russia and Ukraine and the instability in the Middle East. The prolongation of such geopolitical tensions, sanctions and political uncertainty could negatively impact economic growth, business operations and the real estate markets, which in turn, could have a material adverse effect on Hemsö's business, financial condition, results of operations and prospects.

The occupancy rate and rent level for Hemsö's properties are influenced primarily by long-term demand for properties for use by public sector tenants, which can also be affected by the strength of the economy and demographic trends. In addition, Hemsö's ability to find suitable tenants may be impacted by changes in Swedish Government policy with respect to the procurement of public services. Hemsö's ability to ensure rent levels that are competitive and secure in the long-term, long leases, and low vacancy rates depends, among other things, on the ability to adapt the properties to the tenants' changing needs in terms of quality, functionality and size.

European and global economies continue to experience inflationary pressures. In response to persistently high inflation, central banks have raised interest rates. Interest expenses represent Hemsö's largest individual cost item, and whilst inflationary pressures and interest rates started to decline during 2024 and continued to do so during

2025, any further significant increase in interest rates would increase Hemsö's cost of funding and could have an adverse effect on Hemsö's operations, results and financial position.

The majority of Hemsö's leases include a supplement based on changes in the Consumer Price Index ("CPI") in addition to base rent, i.e. they are wholly or partially linked to inflation enabling Hemsö to pass inflationary cost increases onto its tenants. Certain leases are index-linked downwards, providing a potential for Hemsö's rental income to decrease. Hemsö's costs (including, without limitation, development and operating costs) are also affected by inflation and there is a risk that Hemsö will not always be able to secure leases that provide full or partial compensation for inflation.

A downturn in the economy, changed demands from tenants, lower rental levels, higher vacancy rates, higher interest rates and increased costs may have a material adverse impact on Hemsö's operations, financial position and earnings.

Property valuation relies on factors which are subject to change

Hemsö is exposed to changes in the market value of its property portfolio. Hemsö reports its property holdings at fair value in accordance with IAS 40 Investment Property, such that the book value in respect of the properties of the Group corresponds to their assessed market value. Hemsö assesses the market value of its properties every quarter. As a basis for determining such market values, independent firms of appraisers carry out valuations at least once a year. The value of the properties is affected by, and any assessment made in the light of, a number of factors such as market supply, vacancy rate, rent level and operating expenses, residual value, yield requirement, general economic trends, interest rates and inflation. In particular, if interest rates increase further, this will put pressure on portfolio yields, putting the market values of properties at risk of decline. There is a risk that changes in respect of such factors may have a negative effect on Hemsö's property values which, in turn, could have a material adverse impact on Hemsö's credit rating, financial position and earnings.

Property transactions involve uncertainties which could adversely impact Hemsö's business

Property transactions represent an important part of Hemsö's day-to-day business operations and will continue to constitute a part of Hemsö's growth strategy going forward. Property transactions entail inherent risks concerning uncertainties and there is a risk that Hemsö: (i) may be unable to find suitable acquisition properties, (ii) may be unable to finance property acquisitions on terms acceptable to Hemsö, or (iii) cannot complete desired property sales on terms acceptable to Hemsö. All property investments are associated with uncertainty and assumptions. The market's yield requirement, future vacancies, the tenants' payment capability, environmental conditions as well as technical defects constitute some such uncertain elements associated with property transactions. There is also a risk that Hemsö may fail to complete property transactions, which may have a material adverse impact on Hemsö's operations, financial position and earnings.

In addition, property-owning and property-acquiring companies are exposed to risks in relation to non-identified risks linked to businesses that are acquired, either because of a lack of information or due to the fact that assumptions made may turn out to be erroneous. For example, tenants may be lost, the accounts of the acquired business may be erroneous and/or the business may be the subject of unforeseen environmental or tax claims. Furthermore, other circumstances may exist that have an adverse impact on the value of the business or property being acquired. Notwithstanding the fact that, prior to each investment, Hemsö makes an evaluation aimed at identifying and, if possible, mitigating the risks that may be associated with the investment, there remains a risk that future businesses or properties that are added through acquisitions may have a material adverse impact on Hemsö's operations, financial position and earnings.

In several of the sales agreements entered into by Hemsö, the purchaser may present warranty claims, such as: that the property's use has deviated from an applicable zoning plan in violation of stipulated warranties; that, contrary to stipulated warranties, all charges relating to road construction maintenance costs and connection fees relating to the period prior to the completion date have not been paid in full; or that, contrary to stipulated warranties concerning the property, a public authority order to take measures has not been performed in full prior

to the completion date. While there have not been any material unsettled warranty claims with respect to sold properties and companies in the last few years, there is a risk that any claims in the future may have a material adverse impact on Hemsö's business, financial position and earnings. Correspondingly, there is a risk that the possibility of obtaining compensation in the case of a warranty claim will be limited if an acquisition was made from a vendor which is, or will be, in financial difficulties or if there is a cap in respect of the amount of compensation that may be claimed: this may contribute to increased uncertainty and increased costs for Hemsö, which in turn may have a material adverse impact on its operations, financial position and earnings.

Project development poses risks to Hemsö

The construction, refurbishment and extension of properties constitutes a part of Hemsö's regular business operations. Project development is inherently associated with uncertainties and risks as regards costs and delays (among other things). Major projects can involve significant investments, which may lead to an increased credit risk if tenants fail to perform their obligations to pay rent, if Hemsö is unable to find other tenants for the premises in question, if Hemsö fails to let the premises upon completion of a project, or if the demand or price of properties generally changes during the course of a project.

Furthermore, although Hemsö monitors development projects closely, projects may be delayed, become more expensive or the quality may not be as expected, which may result in increased costs or reduced income. In particular, refurbishment and maintenance repair costs may increase, for example, due to increasing legal requirements for energy efficiency, inflation, increased energy costs or supply constraints, which may drive up prices and costs. Uncertainties related to the ability of suppliers to fulfil their contractual obligations in projects, and, to varying degrees, the uncertainty in the supply of materials and other goods needed for the projects, may cause delays. In addition, Hemsö may be dependent on procuring the necessary public authority permits and regulatory permits for carrying out property development projects, and there is a residual risk that such permits are not granted in time. Any increased project costs, whether resulting from price increases or delays, may increase the risk that Hemsö will not succeed in implementing its property projects which, in turn, may have a material adverse impact on its operations, financial position and earnings.

Competitive threats to Hemsö's business

Hemsö operates in a competitive industry. Hemsö's future ability to compete will depend, among other things, on Hemsö's ability to foresee future changes and react promptly to current and future market needs and/or changes in the Swedish Government's policy with respect to the procurement of public services. Accordingly, Hemsö may be forced to make costly investments, restructurings or price reductions in order to adapt to a changed competitive situation, for example, through the renegotiation of lease terms. There is a risk that Hemsö will not be able to successfully counteract the effects of competition, which may have a material adverse impact on its operations, financial position and earnings.

Variations in supply and demand in the property market could have a material adverse impact on Hemsö's business

Supply and demand for properties, and therefore the yield on property investments, varies between different geographic markets and property categories, and can thus develop differently within such geographic markets and property categories. There is a risk that demand will fall and the yield requirement will therefore increase within those geographic markets and property categories in which Hemsö operates. This may have a material adverse impact on Hemsö's operations, financial position and earnings.

Hemsö's income is dependent on tenants meeting their rental obligations

Hemsö's income primarily comprises rental income from its properties. There is a risk that Hemsö's major tenants will not renew or extend their leases as they expire. There is also a risk that it will not be possible to find new tenants, or that new tenants will not pay the same rents as the previous tenants, which may result in a higher vacancy rate and lower rental income. Community services are operated from Hemsö's properties and most of the

rental income derives from public sector tenants or from tenants who run publicly funded activities on behalf of the Swedish Government, county councils or municipalities. Despite the fact that almost all of Hemsö's tenants conduct publicly funded activities and have a high credit rating, there is a risk of tenants failing to pay rents or otherwise failing to perform their obligations to Hemsö. If this occurs, it may lead to lower rental income and bad debt losses. If tenants fail to perform their obligations at all, for example in the event of bankruptcy, or only after debt collection measures have been taken, this may also result in an increased vacancy rate, with lower property values as a consequence. If tenants fail to renew or extend their leases as they expire, or fail to pay agreed rents on time or otherwise fail to perform their obligations, this may have a material adverse impact on Hemsö's operations, financial position and earnings.

As at 30 September 2025, Hemsö's 20 largest tenants accounted for 48 per cent. of the total rental value, of which the largest (the Swedish Police and Region Stockholm) each accounted for 5 per cent. There is a risk that one or more of Hemsö's largest tenants will fail to renew or extend their leases as they expire. Unless Hemsö is able to obtain replacement income from new tenants, this may lead to a reduction in rental income and/or higher vacancy rates, which may have a material adverse impact on Hemsö's operations, financial position and earnings.

Increasing operating and maintenance costs may affect Hemsö's financial position

Hemsö's operating expenses mainly comprise tariff-based costs such as costs for heating, electricity, water and waste. There are a limited number of suppliers in respect of some of these utilities and services, which could result in an increased cost to Hemsö. Furthermore, the current geopolitical situation, in particular, the expansion of sanctions, worsened trade relations, political tensions and acts of war, has led to, and may in the future further result in, higher energy prices in Europe. Notwithstanding that some of Hemsö's leases are structured in such a manner that the tenant defrays most of these costs, there may be a material adverse impact on Hemsö's operations, financial position and earnings to the extent that it is not possible to receive increased rental payments to cover for any such increased costs incurred by Hemsö.

Measures aimed at maintaining the standard of Hemsö's properties in the long-term or maintaining and/or modernising properties require maintenance and renovation expenditures. Such expenditures as are necessary to satisfy market, public authority or other legal requirements may be significant and unforeseen. There is a risk that, in respect of large-scale operating expenses, maintenance or renovation work, it may not be possible to: (i) pass on the associated costs to Hemsö's tenants through increased rents, or (ii) receive compensation through insurance indemnification. This may have a material adverse impact on Hemsö's operations, financial position and earnings.

Climate risks

Climate change is, amongst other things, leading to higher temperatures, extreme weather conditions and raised water levels that can have negative consequences for Hemsö's properties and areas in which it has properties. Hemsö may have to make costly investments and/or restructurings in order to adapt to a changed environment, or to meet new regulatory requirements and growing customer demands which, in turn, could have an adverse effect on its operations, financial position and earnings.

Defects in Hemsö's properties may result in unforeseen costs

There are risks associated with the technical operation of properties, such as the risk of structural defects, other latent defects or deficiencies, damage (for example, through fire or other forces of nature) and contamination. Although Hemsö seeks to invest in properties of a sound technical standard, there remains a risk that unforeseen costs could arise. In the event that such technical problems arise and the costs cannot be fully or partially covered by insurance, this may have a material adverse impact on Hemsö's operations, financial position and earnings.

System failures and internal deficiencies may expose Hemsö to operating risk

The term operating risk refers mainly to the risk of financial consequences and consequences related to the loss of trust which ensue from shortcomings in internal routines and systems, including IT systems. The risk also

includes legal risks, risks within regulatory compliance, risks related to downtime in critical systems used by Hemsö or its tenants, and the increasing digitalisation trend also entails increased risks relating to information and cyber security. The handling of operating risks is aimed at identifying, assessing, monitoring and reducing those risks. Internal directives and guidelines form the basis of risk management within Hemsö and risks are handled based on the expected consequences and the degree of probability that they could occur. Corporate culture is critical in ensuring that internal controls are a normal and necessary operating prerequisite. Hemsö's assets are insured in line with the assessed insurance requirements. Failure to properly manage these risks, however, may have a material adverse effect on Hemsö's business, financially as well as reputationally, which could adversely affect Hemsö's operations, financial position and earnings.

Hemsö has no direct control over jointly-owned companies

In addition to the Group's wholly-owned subsidiaries, Hemsö Fastighets AB holds stakes in a number of companies. Hemsö Fastighets AB has no exclusive right of decision-making over these companies and is not able, alone, to ensure that investments or divestments of properties in these companies take place in accordance with Hemsö's requirements. There is a risk that projects and other developments in these companies will be carried out in a manner that is detrimental to Hemsö, which may have a material adverse impact on Hemsö's operations, financial position and earnings.

Business disruptions and operational shortcomings may cause Hemsö to incur losses

All operational activities are associated with the risk of incurring losses due to deficient routines and/or the business being detrimentally affected by disruptions caused by shortcomings or internal or external events. Operational certainty, achieved through sound internal control, appropriate administrative systems and access to reliable valuation and risk models, is required to mitigate such risks and reduce the risk to Hemsö's administrative security and control. However, business disruptions and shortcomings in operational security may have a material adverse impact on Hemsö's operations, financial position and earnings.

Hemsö Treasury is a special purpose vehicle and investors should therefore consider the financial condition and liquidity of Hemsö Fastighets AB and the Group in addition to that of Hemsö Treasury

As at the date of this Base Prospectus, Hemsö Treasury is a company within the Group without significant business activities or holdings and accordingly, Hemsö Treasury's ability to pay interest and repay principal in respect of its borrowings, including the Notes issued by it, depends upon the financial condition and liquidity of Hemsö Fastighets AB and the Group. Notes issued by Hemsö Treasury will be unconditionally and irrevocably guaranteed by Hemsö Fastighets AB. The Group further intends to provide Hemsö Treasury with liquidity by way of intra-group arrangements or other transfers of value in order for Hemsö Treasury to fulfil its obligations under the Notes issued by it. However, if the Group does not provide liquidity, or due to other circumstances, conditions, laws or regulations is prevented from providing liquidity to Hemsö Treasury, there is a risk that Hemsö Treasury will not fulfil its obligations under the Notes. Therefore, investors in the Notes issued by Hemsö Treasury should consider the risk factors, financial condition and liquidity of Hemsö Fastighets AB and the Group in addition to that of Hemsö Treasury.

Loss of key personnel may undermine Hemsö's operations

Hemsö's business is dependent on experienced employees possessing relevant skills. Such key individuals are included among senior executives as well as the Group's employees in general. There may be a risk that, over time, Hemsö is unable to retain or recruit competent and qualified personnel to the desired extent. Any disruption caused by the departure of one or more key individuals may have a material adverse impact on Hemsö's operations, financial position and earnings.

Hemsö could incur losses not covered by, or exceeding the coverage limits of, its insurance

Hemsö's management believes that its risks are covered by appropriate insurance coverage in line with market practice. Hemsö has insurance policies, for example, in respect of property, business interruption and liability for damages. However, the actual losses suffered by Hemsö could exceed its insurance coverage and could be material. The realisation of one or more damaging events for which Hemsö has no insurance coverage or for which Hemsö's insurance coverage is insufficient could have a material adverse effect on Hemsö's business, financial condition and results of operations.

Interests of Hemsö's shareholders may conflict with those of the holders of the Notes

The interests of Hemsö's shareholders, in certain circumstances, may conflict with those of the holders of the Notes, particularly if Hemsö encounters financial difficulties or is unable to pay its debts when due. In addition, Hemsö's shareholders may have an interest in pursuing acquisitions, divestitures, financings or other transactions that, in their judgment, could enhance their equity investments, even though such transactions might involve risks to the holders of the Notes. Any of these actions could have an adverse effect on Hemsö's operations, financial position, earnings and future prospects.

Hemsö has a holding company structure in which Hemsö Fastighets AB's subsidiaries conduct its operations and own nearly all its properties

Hemsö Fastighets AB is a holding company. As is usual for property companies, Hemsö's operations are principally conducted through subsidiaries. Hemsö Fastighets AB has no significant assets other than the equity interests in its subsidiaries. Hemsö Fastighets AB may use some of the proceeds of the sale of any Notes to repay certain of its own debts and may on-lend proceeds under intercompany loans to its subsidiaries for them to repay or refinance certain of their indebtedness. Other than the receivables under intercompany loans and any other intra-group loans made in connection with other financing transactions, Hemsö Fastighets AB depends on distribution of dividends and other payments from its subsidiaries. In meeting its payment obligations under the Notes (or, as the case may be, the Guarantee of the Notes), Hemsö Fastighets AB is dependent on the profitability and cash flow of its subsidiaries, whose ability to make dividend distributions may be subject to restrictions as a result of factors such as low profitability, restrictive covenants contained in loan agreements, foreign exchange limitations, regulatory, fiscal or other restrictions. As a result, Hemsö Fastighets AB's ability to make required payments under the Notes and the Guarantee of the Notes depends on the performance of its subsidiaries and their ability to distribute funds to it. Such cash flows will depend on the business and financial conditions of its subsidiaries. In addition, the ability of certain subsidiaries to pay dividends and distributions may be limited by applicable laws and any indebtedness those subsidiaries have incurred. Equally, if Hemsö's subsidiaries do not pay any dividends or distributions, or do so irregularly, the Group's performance may be adversely affected.

Further, Hemsö Fastighets AB's right to receive payment of provided financing from the liquidation of one of its subsidiaries, and therefore the right of Noteholders to participate in those proceeds, will be structurally subordinated to the claims of other creditors of that subsidiary. The Notes issued by Hemsö Fastighets AB and the rights under the Guarantee of the Notes (if applicable) are structurally subordinated to the claims of all holders of debt securities and of other creditors of Hemsö Fastighets AB's subsidiaries. In addition, even if Hemsö is a creditor of any of its subsidiaries, its rights as a creditor would be subordinated to any existing security interest in the assets of such subsidiary. The Notes issued by Hemsö Fastighets AB are not guaranteed by any of Hemsö Fastighets AB's subsidiaries or any other company or person. In the event of an insolvency, bankruptcy, liquidation, reorganisation, dissolution or winding up of the business of any of Hemsö Fastighets AB's subsidiaries, unsecured creditors of such subsidiaries, secured creditors and obligations that may be preferred by provisions of law that are mandatory and of general application will have the right to be paid in full before any distribution is made to Hemsö Fastighets AB.

Legal risks

Changes in legislation may adversely affect Hemsö's business

The majority of Hemsö's tenants engage in publicly funded activities on behalf of the Swedish Government, municipalities or county councils, and Hemsö's operations are highly dependent on decisions and requirements of public authorities as regards, among other things, property ownership, letting, rent levels, maintenance and operation. New or amended laws and regulations, or changes in the application of existing laws and regulations governing the operations of Hemsö or its tenants may be introduced. For example, property-related decisions made by public authorities or, alternatively, in the event that public authorities make assessments which differ from those of Hemsö or its tenants regarding licence requirements, health and safety requirements, obligatory permits or other commercial law requirements, may have a material adverse impact on Hemsö's operations, financial position and earnings.

Hemsö is subject to future possible change in tax laws and regulations

Hemsö conducts operations in several jurisdictions. Hemsö's operations are affected by the applicable corporation tax, value added tax and property tax rules in force from time to time in those jurisdictions in which it operates. This is also the case as regards other governmental and municipal charges and contributions. Notwithstanding that Hemsö's operations are conducted in accordance with Hemsö's interpretation of applicable laws and rules in respect of taxes, there is a risk that its interpretation is incorrect or that applicable tax law and rules may be amended with possible retroactive effect. In addition, future changes to applicable tax laws and rules may affect the conditions for Hemsö's operations, financial position and earnings.

The Swedish Tax Agency may not agree with Hemsö's previous tax assessment decisions

The Swedish Tax Agency carries out regular tax assessment audits of companies. There is a risk that, in conjunction with a tax assessment audit, the Swedish Tax Agency will not share Hemsö's opinion regarding, for example, the right of deduction, possibilities for tax write-offs, or the ability to use loss carry-forwards. Such a different opinion by the Swedish Tax Agency may result in unforeseen tax liabilities which may have a material adverse impact on Hemsö's operations, financial position and earnings.

Disputes and legal proceedings could have a material adverse effect on Hemsö

This risk relates to the costs that the Group may incur as a consequence of conducting legal proceedings, settlement costs, as well as costs in respect of awarded damages and other obligations which may be imposed on Hemsö. Companies within the Group may, from time to time, become involved in disputes within the scope of normal business operations and run the risk, similarly to other companies within Hemsö's industry, of being the subject of claims with respect to, for example, contractual issues, warranty claims, alleged errors in the provision of services, environmental issues and intellectual property rights. Such disputes and claims may be time-consuming, disrupt normal operations, involve large amounts, detrimentally affect customer relations and result in significant costs. In the event such disputes arise and Hemsö is held liable in damages or enters into a settlement agreement, there is a risk that claims will not be covered in full by Hemsö's insurance. In addition, the outcome of complicated disputes may be difficult to predict. Potential disputes and legal proceedings brought against Hemsö may have a material adverse impact on Hemsö's operations, financial position and earnings.

Environmental risks

Properties affect the environment through their construction, on-going maintenance and through the activities conducted within them. According to the Swedish Environmental Code (*Sw: Miljöbalken (SFS 1998:808)*), persons who pursue activities that have contributed to contamination are responsible for remedying any harm caused. In Hemsö's case, it would be its tenants who are pursuing such activities. However, if the person pursuing the activity is unable to carry out or defray the cost of remediation, responsibility for the after-treatment is imposed on the party that acquired the property and, at the time of the acquisition, was aware or should have been aware

of the contamination. Accordingly, there is a risk that in certain circumstances claims may be brought against Hemsö for the clean-up of contamination that has taken place, in order to restore properties to a condition that complies with the Swedish Environmental Code. In the event such liability is imposed on Hemsö, it may have a material adverse impact on its operations, financial position and earnings.

Hemsö may have to defend, and may lose, the right to use its trademark

Recognition of Hemsö's trademarks and business names, and their positive reputation, have contributed to Hemsö's success. Hemsö has sought to protect its trademarks through trademark registration. There is a risk that a third party may challenge the validity of such registrations or Hemsö's right to use its distinctive marks. Defending itself in proceedings regarding the validity of distinctive marks or registrations may be costly and, in the event Hemsö is required to cease using its business names or valuable trademarks, this may have a material adverse impact on Hemsö's operations, financial position and earnings.

Financial risks

Fluctuations in market interest rates and loan margins may adversely affect Hemsö's business

Hemsö's operations are primarily financed through equity and interest-bearing debts. Interest expenses represent Hemsö's largest individual cost item. As a consequence, Hemsö is exposed to the risk of changes in market interest rates and loan margins. The risk is also affected by the strategy Hemsö chooses in respect of fixed-interest periods. Increased interest expenses may have a material adverse impact on Hemsö's operations, financial position and earnings.

Changes in the value of financial derivative instruments may result in losses for Hemsö

From time to time Hemsö uses interest rate and cross currency derivatives for the purpose of hedging interest rate and cross currency risk respectively. Derivatives are regularly reported at fair value in the balance sheet and reflect market value fluctuations resulting from changes in interest rates and/or cross currency rates. Such fluctuations can present liquidity risks for Hemsö due to requirements for posting of collateral under related collateral support agreements, which could in turn have a material adverse impact on Hemsö's operations, financial position and earnings.

Hemsö is exposed to credit and counterparty risk

There is a risk that Hemsö's counterparties within its financing operations will fail to perform some or all their financial obligations to Hemsö. Hemsö's financing activities include, among other things, the execution of long and short-term loan agreements, the execution of interest rate and cross currency derivatives, as well as the investment of liquidity surpluses through the execution of long and short-term loan agreements. There is a risk that one or more of Hemsö's counterparties will fail to perform their financial obligations to Hemsö, notwithstanding Hemsö's use of credit support annexes in respect of its derivative transactions, which could have a material adverse impact on Hemsö's operations, financial position and earnings.

Hemsö may not be able to refinance its existing loans on competitive terms or at all

External borrowing accounts for a large part of Hemsö's supply of capital. As these loans mature, they must be repaid, extended or renewed. Hemsö's ability to refinance loan facilities on competitive terms as they expire depends on access to financing at the time and Hemsö's financial position. In the event that Hemsö is unable to secure refinancing or can only obtain refinancing at substantially increased costs, this may have a material adverse impact on Hemsö's operations, financial position and earnings.

A change in the controlling ownership of Hemsö could result in the requirement for Hemsö to repay under the terms of its existing financing agreements and Notes issued under the Programme and adversely affect its ability to secure subsequent refinancing

If, for whatever reason, the Third Swedish National Pension Fund was to reduce its holding in Hemsö, this could result in control of Hemsö passing to another shareholder. Such a change in controlling ownership could affect the general perception of Hemsö, which could entail, among other things, a changed credit rating, and may possibly trigger terms in loan agreements that result in the termination of such agreements or a need to renegotiate them. Such a provision is generally included in the loan agreements Hemsö has in place with lenders and the Programme. In the event of a change in controlling ownership, Hemsö's ability to secure refinancing may be adversely affected, which could indirectly affect the Group's ownership of properties and therefore have a material adverse impact on the Group's operations, earnings and financial position.

Breach of financial covenants may lead to Hemsö's creditors accelerating its loans

Hemsö's bank loan agreements usually include financial and other covenants. Such covenants may, for example, relate to an interest-coverage ratio or loan volumes relative to the fair value of Hemsö's properties. In addition, the majority of the financing agreements entitle the lenders to accelerate repayment of the loan in the event that the Third Swedish National Pension Fund's direct or indirect ownership represents less than 50.1 per cent. (51 per cent. in the case of certain agreements) of the voting rights in Hemsö.

As security for bank loans, Hemsö may grant mortgages over certain properties or security interests in intragroup claims against subsidiaries, or Hemsö may issue shares in its subsidiaries, partnerships or limited partnerships, or demand guarantees.

In the event that Hemsö breaches its financial covenants contained in a loan agreement, or in the event that the Third Swedish National Pension Fund's direct or indirect ownership stake falls to below the required percentages stated in loan agreements, this may lead to the acceleration of loans or to credit institutions having recourse to pledged assets, which may have a material adverse impact on Hemsö's operations, financial position and earnings.

Major unforeseen payment obligations may impact on Hemsö's liquidity

Hemsö's payment obligations primarily comprise operating expenses, such as costs for heating, electricity, water and refuse collection, agreed maintenance charges, investments in project development and other investments, as well as interest on, and the repayment of, debts. Major payment obligations may arise in conjunction with the refinancing of loans in the event that lenders demand a lower loan-to-value ratio or if the relevant property falls in value following the drawing of the relevant loan by Hemsö. Major unforeseen payment obligations may also arise, and there remains a possibility of non-payment to Hemsö of large rent amounts. There is a risk that Hemsö's liquidity will be insufficient to cover the performance of its payment obligations, which may have a material adverse impact on Hemsö's operations, financial position and earnings.

Movements in exchange rates may adversely affect Hemsö's business

Hemsö is exposed to currency risks as a consequence of its operations in Germany and Finland. The Swedish krona is Hemsö's reporting currency, but the Group also has revenues, expenses, assets and liabilities in currencies other than the Swedish krona. Hemsö's currency exposure is limited to the euro and relates to the properties that the Group owns in Germany and Finland. Currency exposure arises in connection with the purchase and sale of goods and services in currencies other than the local currency of Hemsö's relevant subsidiary (transaction exposure), and the translation into Swedish krona of the balance sheets and income statements of the relevant foreign subsidiaries that are reported in foreign currency (translation exposure). Accordingly, Hemsö is exposed to exchange rates movements that could affect its income statement and balance sheet, which may have a material adverse impact on Hemsö's operations, financial position and earnings.]

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

Notes subject to optional redemption by the relevant Issuer

An optional redemption feature of Notes is likely to limit their market value. During any period when the relevant Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This may also be true prior to any redemption period. The relevant Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Where the relevant Issuer has the right to effect such a conversion of the interest basis, this may affect the secondary market in, and the market value of, the Notes since the relevant Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the relevant Issuer converts from a fixed rate to a floating rate in such circumstances, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the relevant Issuer converts from a floating rate to a fixed rate in such circumstances, the fixed rate may be lower than then prevailing market rates.

Notes issued at a substantial discount or premium

The market value of any specific Series of Notes issued at a substantial discount on, or premium to, their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Usually, the longer the remaining term of such securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities. Any such price volatility may have an adverse effect on the market value of any specific Series of Notes issued at a substantial discount or premium to their principal amount.

Notes issued as Green Bonds, Sustainability Bonds or Social Bonds with a specific use of proceeds, may not meet investor expectations or requirements

The applicable Final Terms relating to any specific Tranche of Notes may provide that it will be the relevant Issuer's intention to apply an amount, which at the Issue Date of the relevant Notes, is equal to the net proceeds from an offer of those Notes specifically for the financing or refinancing of projects and/or assets that promote climate friendly and/or other environmental purposes (either in those words or otherwise) ("**Eligible Projects and Assets**"), as described in the Framework. Prospective investors should have regard to the information in the relevant Final Terms regarding such use of proceeds and must determine for themselves the relevance of such information for the purpose of an investment in such Notes together with any other investigation it deems necessary.

In particular no assurance is given by the relevant Issuer or the Guarantor that the use of such proceeds for any Eligible Projects and Assets will satisfy, whether in whole or in part, any present or future investment expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required, or intends, to comply, whether by any present or future applicable law or regulations (including in relation to the EU Taxonomy Regulation and any related technical screening criteria, the EU Green Bond Regulation, SFDR, and any implementing legislation and guidelines, or any similar legislation in the UK or any

market standards or guidance, including the ICMA Principles) or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, any Eligible Projects and Assets.

In addition, no assurance can be given by the Issuers, the Guarantor, any other member of the Group, any Dealer or any other person to investors that any Green Bonds, Sustainability Bonds or Social Bonds will comply with any future standards or requirements regarding any "green", "sustainable", "social", "environmental", or similar performance objectives or labels (including, but not limited to, the EU Taxonomy Regulation and any related technical screening criteria, the EU Green Bond Regulation, SFDR, and any implementing legislation and guidelines, or any similar legislation in the UK or any market standards or guidance, including the ICMA Principles) or any requirements of such labels as they may evolve from time to time and, accordingly, the status of any Notes as being "green", "social", "environmental", "sustainable" (or equivalent) could be withdrawn at any time. Any Green Bonds issued under the Programme will not be compliant with the EU Green Bond Regulation and are only intended to comply with the requirements and processes in the Framework. It is not clear if the establishment under the EU Green Bond Regulation of the EuGB label and the optional disclosure templates for bonds marketed as "environmentally sustainable" could have an impact on investor demand for, and pricing of, green use of proceeds bonds that do not comply with the requirements of the EuGB label or the optional disclosure templates, such as the Green Bonds issued under this Programme. It could result in reduced liquidity or lower demand or could otherwise affect the market price of any Green Bonds issued under this Programme that do not comply with the requirements of the EU Green Bond Regulation.

Whilst it is the intention of the relevant Issuer to apply an amount equal to the net proceeds of any Notes so specified for Eligible Projects and Assets in, or substantially in, the manner described in this Base Prospectus and the applicable Final Terms, there is no contractual obligation to do so. There can be no assurance that the relevant project(s) or use(s) the subject of, or related to, any Eligible Projects and Assets will be available or capable of being implemented in, or substantially in, such manner and/or in accordance with any timeframe anticipated and, accordingly, that such proceeds will be totally or partially disbursed for such Eligible Projects and Assets as intended. Nor can there be any assurance that such Eligible Projects and Assets will be completed within any specified period or at all or with the results or outcomes (environmental, social or otherwise) as originally expected or anticipated by the relevant Issuer. Any such event or failure to apply an amount equal to the net proceeds of any issue of such Notes for any Eligible Projects and Assets and/or withdrawal of any opinion, report, post-issuance report or certification (as discussed in the Risk Factor "*No assurance of suitability or reliability of any Second Party Opinion or any other opinion, report, post-issuance report or certification of any third party relating to any Green Bonds, Sustainability Bonds or Social Bonds*" below) or any such opinion, report, post-issuance report or certification attesting that the relevant Issuer is not complying in whole or in part with any matters for which such opinion, report, post-issuance report or certification is opining, reporting or certifying on and/or any such Notes no longer being listed or admitted to trading on any stock exchange or securities market as mentioned below may have a material adverse effect on the value of such Notes and also potentially the value of any other Notes which are intended to finance Eligible Projects and Assets and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose. However no such event will constitute an Event of Default or breach of contract with respect to any of the Notes issued as Green Bonds, Sustainability Bonds or Social Bonds, as the case may be, or otherwise result in the Notes being redeemed prior to their maturity date.

The relevant Issuer does not undertake to ensure that there are at any time sufficient Eligible Projects and Assets to allow for allocation of an amount equal to the net proceeds of the issue of such Green Bonds, Sustainability Bonds or Social Bonds in full.

Each prospective investor should have regard to the factors described in the Framework and the relevant information contained in this Base Prospectus and seek advice from their independent financial adviser or other professional adviser regarding its purchase of any Green Bonds, Sustainability Bonds or Social Bonds before deciding to invest. The Framework may be subject to review and change and may be amended, updated, supplemented, replaced and/or withdrawn from time to time and any subsequent version(s) may differ from any

description given in this Base Prospectus. The Framework does not form part of, nor is incorporated by reference in, this Base Prospectus.

No assurance of suitability or reliability of any Second Party Opinion or any other opinion, report, post-issuance report or certification of any third party relating to any Green Bonds, Sustainability Bonds or Social Bonds

The Second Party Opinion provides an opinion on certain environmental and related considerations is a statement of opinion, not a statement of fact. No representation or assurance is given by the Issuers, the Guarantor, any other member of the Group, any Dealer or any other person as to the suitability or reliability of the Second Party Opinion or any opinion, report or certification of any third party (including any post-issuance reports prepared by an external reviewer) made available in connection with an issue of Notes issued as Green Bonds, Sustainability Bonds or Social Bonds. The Second Party Opinion and any other such opinion, report, post-issuance report or certification is not intended to address any credit, market or other aspects of any investment in any Note, including without limitation market price, marketability, investor preference or suitability of any security or any other factors that may affect the value of the Notes. The Second Party Opinion and any other opinion, report, post-issuance report or certification (whether or not solicited by Hemsö) is not a recommendation to buy, sell or hold any such Notes and is current only as of the date that opinion, report, post-issuance report or certification was initially issued. Prospective investors must determine for themselves the relevance of any such opinion, report, post-issuance report or certification and/or the information contained therein and/or the provider of such opinion, report, post-issuance report or certification for the purpose of any investment in such Notes.

The criteria and/or considerations that formed the basis of the Second Party Opinion and any other such opinion, report, post-issuance report or certification may change at any time and the Second Party Opinion may be amended, updated, supplemented, replaced and/or withdrawn at any time. Any withdrawal of any such opinion, report, post-issuance report or certification may have a material adverse effect on the value of any Green Bonds, Sustainability Bonds or Social Bonds in respect of which such opinion, report, post-issuance report or certification is given and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose. As at the date of this Base Prospectus, the providers of such opinions, reports, post-issuance reports and certifications are not subject to any specific regulatory or other regime or oversight. Investors in such Notes shall have no recourse against the relevant Issuer, the Guarantor (if applicable), any other member of the Group, the Dealers or the provider of any such opinion, report, post-issuance report or certification for the contents of any such opinion, report, post-issuance report or certification. Prospective investors must determine for themselves the relevance of any such opinion, report, post-issuance report or certification and/or the information contained therein. The Second Party Opinion and any other such opinion, report, post-issuance report or certification does not form part of, nor is incorporated by reference, in this Base Prospectus.

No assurance that Green Bonds, Sustainability Bonds or Social Bonds will be admitted to trading on any dedicated "green", "sustainable", "social" (or similar) segment of any stock exchange or market, or that any admission obtained will be maintained

In the event that any such Notes are listed or admitted to trading on any dedicated "green", "environmental", "sustainable", "social" or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), no representation or assurance is given by the relevant Issuer, the Guarantor, any other member of the Group, any Dealer or any other person that such listing or admission satisfies, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor is required, or intends, to comply, whether by future or present applicable law or regulations or by its own by-laws or other governing rules or investment mandates. Furthermore, it should be noted that the criteria for any such listings or admission to trading may vary from one stock exchange or securities market to another. No representation or assurance is given or made by the Issuers, the Guarantor, any other member of the Group, any Dealer or any other person that any such listing or admission to trading will be obtained in respect of any such Notes or, if obtained, that any such listing or admission to trading will be maintained during the life of the Notes.

If any of the risks outlined in this risk factor materialise this may have a material adverse effect on the value of such Notes and/or may have consequences for certain investors with portfolio mandates to invest in green assets (which consequences may include the need to sell the Notes as a result of the Notes not falling within the investor's investment criteria or mandate).

Green Bonds, Sustainability Bonds and Social Bonds are not linked to the performance of the Eligible Projects and Assets, do not benefit from any arrangements to enhance the performance of the Notes or any contractual rights derived solely from the intended use of proceeds of such Notes

The performance of the Green Bonds, Sustainability Bonds or Social Bonds is not linked to the performance of the relevant Eligible Projects and Assets or the performance of the relevant Issuer in respect of any environmental or similar targets. There will be no segregation of assets and liabilities in respect of the Green Bonds, Sustainability Bonds or Social Bonds and the Eligible Projects and Assets. Consequently, neither payments of principal and/or interest on the Green Bonds, Sustainability Bonds or Social Bonds nor any rights of Noteholders shall depend on the performance of the relevant Eligible Projects and Assets or the performance of the Issuer in respect of any such environmental or similar targets. Holders of any Green Bonds, Sustainability Bonds or Social Bonds shall have no preferential rights or priority against the assets of any Eligible Projects and Assets nor benefit from any arrangements to enhance the performance of the Notes.

The regulation of "benchmarks" may lead to future reforms or discontinuation

Interest rates and indices which are deemed to be benchmarks (including the Euro Interbank Offered Rate ("EURIBOR"), the Copenhagen Interbank Offered Rate ("CIBOR"), the Stockholm Interbank Offered Rate ("STIBOR") and the Norwegian Interbank Offered Rate ("NIBOR")) have been subject to significant regulatory scrutiny and legislative intervention in recent years. This relates not only to creation and administration of benchmarks, but, also, to the use of a benchmark rate.

In the EU, for example, the EU Benchmarks Regulation applies, subject to certain transitional provisions, to the provision of, contribution of input data to, and the use of, an in-scope benchmark within the EU. Similarly, Regulation (EU) No. 2016/1011 as it forms part of domestic law in the UK by virtue of the EUWA (the "**UK Benchmarks Regulation**") applies to the provision of, contribution of input data to, and the use of a benchmark, within the UK.

Legislation such as the EU Benchmarks Regulation or the UK Benchmarks Regulation, if applicable, could have a material impact on any Notes linked to or referencing a benchmark rate or index which is in-scope of one or both regulations – for example, if the methodology or other terms of the benchmark are changed in the future in order to comply with the terms of the EU Benchmarks Regulation or UK Benchmarks Regulation or other similar legislation, or if a critical benchmark is discontinued or is determined to be by a regulator to be "no longer representative". Such factors could (amongst other things) have the effect of reducing or increasing or otherwise affecting the rate or level, or may affect the volatility of the published rate or level, of the benchmark. They may also have the effect of discouraging market participants from continuing to administer or contribute to certain "benchmarks", trigger changes in the rules or methodologies used in certain "benchmarks", or lead to the discontinuance or unavailability of quotes of certain benchmarks.

Although EURIBOR has subsequently been reformed in order to comply with the terms of the EU Benchmarks Regulation, it remains uncertain as to how long it will continue in its current form, or whether it will be further reformed or replaced with the Euro Short Term Rate ("€STR") or an alternative benchmark.

The elimination of EURIBOR or any other benchmark, or changes in the manner of administration of any benchmark, could require or result in an adjustment to the interest calculation provisions of the Conditions (as further described in Condition 7(k)(i) (*Floating Rate Note Provisions– Benchmark Discontinuation– Independent Adviser*)), or result in adverse consequences to holders of any Notes linked to such benchmark (including Floating Rate Notes whose interest rates are linked to any such benchmark that is subject to reform). Furthermore, even prior to the implementation of any changes, uncertainty as to the nature of alternative reference rates and as to

potential changes to such benchmark may adversely affect such benchmark during the term of the relevant Notes, the return on the relevant Notes and the trading market for securities (including the Notes) based on the same benchmark.

Interest rate "fallback" arrangements may lead to Notes performing differently or the effective application of a "fixed rate".

If a relevant benchmark, such as EURIBOR, (including any page on which such benchmark may be published (or any other successor service)) becomes unavailable or a Benchmark Event or a Benchmark Transition Event (each as defined in the Conditions), as applicable, occurs, the Conditions of the Notes provide for certain fallback arrangements. Such fallback arrangements include the possibility that the rate of interest could be set by reference to a Successor Rate or an Alternative Rate (each as defined in the Conditions) with the application of an adjustment spread (which could be positive, negative or zero) in accordance with the recommendation of a relevant governmental body or in order to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to investors arising out of the replacement of the relevant benchmark, although the application of such adjustments to the Notes may not achieve this objective. Such fallback arrangements may also include amendments to the Conditions of the Notes to ensure the proper operation of the new benchmark, all as determined by an Independent Adviser (as defined in the Conditions) acting in good faith and as more fully described in Condition 7(k) (*Floating Rate Note Provisions– Benchmark Discontinuation*). Any such changes may result in the Notes performing differently (which may include payment of a lower interest rate) than if the original benchmark continued to apply. Furthermore, it is also possible that such an event may be deemed to have occurred prior to the issue date for a Series of Notes.

Moreover, due to the uncertainty concerning the availability of successor rates and alternative reference rates and the involvement of an Independent Adviser (as defined in the Conditions) in certain circumstances, the relevant fallback provisions may not operate as intended at the relevant time. Additionally, in certain circumstances, the ultimate fallback for the purposes of calculating the rate of interest for a particular Interest Period may result in the rate of interest for the last preceding Interest Period being used, which may result in the effective application of a fixed rate for Floating Rate Notes based on the rate which was last observed on the Relevant Screen Page.

Any such consequences could have a material adverse effect on the value of and return on any such Notes.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the EU Benchmarks Regulation and the UK Benchmarks Regulation reforms or arising from the possible cessation or reform of certain reference rates in making any investment decision with respect to any Notes linked to or referencing a benchmark.

Methodologies for the calculation of risk-free rates (including overnight rates or forward-looking rates) as reference rates for Floating Rate Notes may vary and may evolve

"Risk-free" rates, such as SOFR, as reference rates for Eurobonds have become more commonly used as benchmark rates for bonds in recent years. Most of the rates are backwards-looking, but the methodologies to calculate the risk-free rates are not uniform. Such different methodologies may result in slightly different interest amounts being determined in respect of otherwise similar securities.

The relevant Issuer may in the future also issue Notes referencing SOFR or SOFR Compounded Index that differ materially in terms of interest determination when compared with any previous Notes issued by it (or the other Issuer) under this Programme.

Such variations could result in reduced liquidity or increased volatility or might otherwise affect the market price of any Notes that reference a risk-free rate issued under this Programme from time to time. In addition, investors should consider how any mismatch between applicable conventions for the use of reference rates in the bond, loan and derivatives markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of Notes referencing such risk-free rates.

Investors should consider these matters when making their investment decision with respect to any Notes which reference SOFR or any related indices.

It is not possible to calculate interest rates in advance for Notes which reference SOFR or any related indices

Interest on Notes which reference a backwards-looking risk-free rate is only capable of being determined immediately prior to the relevant Interest Payment Date. It may therefore be difficult for investors in Notes which reference such risk-free rates reliably to estimate the amount of interest which will be payable on such Notes.

Further, in contrast to Notes linked to interbank offered rates, if Notes referencing backwards-looking rates become due and payable as a result of an Event of Default under Condition 13 (Events of Default), or are otherwise redeemed early on a date which is not an Interest Payment Date, the final Rate of Interest payable in respect of such Notes shall be determined by reference to a shortened period ending immediately prior to the date on which the Notes become due and payable or are scheduled for redemption.

The administrator of SOFR or any related indices may make changes that could change the value of SOFR or any related index, or discontinue SOFR or any related index

Newer reference rates or any related indices and rates that fall outside the scope of the EU Benchmarks Regulation and UK Benchmarks Regulation may also be subject to changes or discontinuation. For example, the Federal Reserve, Bank of New York (or its successors) as administrator of the Secured Overnight Financing Rate ("SOFR") (and the SOFR Compounded Index), may make methodological or other changes that could change the value of the risk-free rates and/or indices, including changes related to the method by which such risk-free rate is calculated, eligibility criteria applicable to the transactions used to calculate SOFR, or timing related to the publication of SOFR or any related indices. In addition, the administrator may alter, discontinue or suspend calculation or dissemination of SOFR or any related index (in which case a fallback method of determining the interest rate on the Notes will apply). The administrator has no obligation to consider the interests of Noteholders when calculating, adjusting, converting, revising or discontinuing any such risk-free rate.

Risks related to Notes generally

Set out below is a brief description of certain risks relating to the Notes generally:

Modification, waivers and substitution

The Conditions of the Notes contain provisions for calling meetings (including by way of a conference call or videoconference) of Noteholders to consider and vote upon matters affecting their interests generally, or to pass resolutions in writing or through the use of electronic consents. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting or, as the case maybe, did not sign the written resolution or give their consent electronically, and including those Noteholders who voted in a manner contrary to the majority. In certain instances, the relevant Issuer could substitute the obligor under the Notes without the consent or approval of the Noteholders.

The relevant Issuer may, without the consent of the Noteholders or the Couponholders, substitute itself in respect of all rights and obligations arising under or in connection with the Notes with a Substitute. Any such substitution will be subject to the conditions set out in the Terms and Conditions which include, among other things that where the Substitute is not Hemsö Fastighets AB, the obligations of the Substitute under the Deed Poll, the Agency Agreement, the Deed of Covenant, the Notes, and the Coupons shall be unconditionally and irrevocably guaranteed by Hemsö Fastighets AB. The substitution of the relevant Issuer under the Notes could have an adverse effect on Noteholders.

Change of law

The Conditions of the Notes are based on English law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of this Base Prospectus. In particular, potential investors should note that any such change in applicable law or administrative practice may have an adverse impact on the secondary market value of the Notes.

Bearer Notes where denominations involve integral multiples: definitive Bearer Notes

In relation to any issue of bearer Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in its account with the relevant clearing system at the relevant time may not receive a definitive bearer Note in respect of such holding (should definitive bearer Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination. Further, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in their account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed or issued) and would need to purchase a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination. If definitive bearer Notes are issued, holders should be aware that definitive bearer Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Risks related to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

The secondary market generally

Notes may have no established trading market when issued, and one may never develop (for example, Notes may be allocated to a limited pool of investors). If a market for the Notes does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a material adverse effect on the market value of Notes. In addition, the ability of the Dealers to make a market in the Notes (if applicable) may be impacted by changes in regulatory requirements applicable to the marketing, holding and trading of, and issuing quotations with respect to, the Notes. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed trading market.

Exchange rate risks and exchange controls

The relevant Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency equivalent yield on the Notes, (2) the Investor's Currency equivalent value of the principal payable on the Notes and (3) the Investor's Currency equivalent market

value of the Notes. Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

Credit rating may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Issuer or the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed in this section, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

In general, European regulated investors are restricted under the EU CRA Regulation from using a rating for regulatory purposes in the EEA, unless such ratings are issued by a credit rating agency established in the EEA and registered under the EU CRA Regulation (and such registration has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). Such general restriction will also apply in the case of credit ratings issued by third-country non-EEA credit rating agencies, unless the relevant credit ratings are endorsed by an EEA-registered credit rating agency or the relevant third country rating agency is certified in accordance with the EU CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances).

Investors regulated in the UK are subject to similar restrictions under the UK CRA Regulation. As such, UK regulated investors are required to use for UK regulatory purposes ratings issued by a credit rating agency established in the UK and registered under the UK CRA Regulation. In the case of ratings issued by third country non-UK credit rating agencies, third country credit ratings can either be: (a) endorsed by a UK registered credit rating agency; or (b) issued by a third country credit rating agency that is certified in accordance with the UK CRA Regulation. Note this is subject, in each case, to (a) the relevant UK registration, certification or endorsement, as the case may be, not having been withdrawn or suspended, and (b) transitional provisions that apply in certain circumstances.

If the status of the rating agency rating the Notes changes for the purposes of the EU CRA Regulation or the UK CRA Regulation, relevant regulated investors may no longer be able to use the rating for regulatory purposes in the EEA or the UK, as applicable, and the Notes may have a different regulatory treatment, which may impact the value of the Notes and their liquidity in the secondary market. Certain information with respect to the credit rating agencies and ratings is set out on the cover of this Base Prospectus.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Conflicts may arise between the interests of the Calculation Agent and the interests of the Noteholders

Potential conflicts of interest may exist between the Calculation Agent (if any) and Noteholders, including with respect to certain determinations and judgements that such Calculation Agent makes pursuant to the Conditions that may influence amounts receivable by the Noteholders during the term of the Notes and upon their redemption.

The relevant Issuer may appoint a Dealer as Calculation Agent in respect of an issuance of Notes under the Programme. In such a case the Calculation Agent is likely to be a member of an international financial group that is involved, in the ordinary course of its business, in a wide range of banking activities out of which conflicting interests may arise. Whilst such a Calculation Agent will, where relevant, have information barriers and procedures in place to manage conflicts of interest, it may in its other banking activities from time to time be engaged in transactions involving an index or related derivatives which may affect amounts receivable by Noteholders during the term and on the maturity of the Notes or the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interests of the Noteholders.

FINAL TERMS AND DRAWDOWN PROSPECTUSES

In this section the expression "necessary information" means, in relation to any Tranche of Notes, the necessary information which is material to an investor for making an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the Issuers and the Guarantor, of the rights attaching to the Notes and the reasons for the issuance and its impact on the relevant Issuer. In relation to the different types of Notes which may be issued under the Programme the Issuers and the Guarantor have included in this Base Prospectus all of the necessary information except for information relating to the Notes which is not known at the date of this Base Prospectus and which can only be determined at the time of an individual issue of a Tranche of Notes.

Any information relating to the Notes which is not included in this Base Prospectus and which is required in order to complete the necessary information in relation to a Tranche of Notes will be contained either in the relevant Final Terms or in a Drawdown Prospectus.

For a Tranche of Notes which is the subject of Final Terms, those Final Terms will, for the purposes of that Tranche only, complete this Base Prospectus and must be read in conjunction with this Base Prospectus in order to obtain all the relevant information. The terms and conditions applicable to any particular Tranche of Notes which is the subject of Final Terms are the Conditions described in the relevant Final Terms.

The terms and conditions applicable to any particular Tranche of Notes which is the subject of a Drawdown Prospectus will be the Conditions as supplemented, amended and/or replaced to the extent described in the relevant Drawdown Prospectus. In the case of a Tranche of Notes which is the subject of a Drawdown Prospectus, each reference in this Base Prospectus to information being specified or identified in the relevant Final Terms shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Prospectus unless the context requires otherwise.

Each Drawdown Prospectus will be constituted by a single document containing the necessary information relating to the relevant Issuer and the Guarantor, if applicable, and the relevant Notes.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions which, as completed by the relevant Final Terms, will be endorsed on each Note in definitive form issued under the Programme. In the case of any Tranche of Notes which are being admitted to trading on a regulated market in a Member State (which for these purposes includes the United Kingdom), the relevant Final Terms shall not amend or replace any information in this Base Prospectus. Subject to this, to the extent permitted by applicable law and/or regulation, the Final Terms in respect of any Tranche of Notes may supplement, amend or replace any information in this Base Prospectus.

The terms and conditions applicable to any Note in global form will differ from those terms and conditions which would apply to the Note were it in definitive form to the extent described under "Summary of Provisions Relating to the Notes while in Global Form" below.

This Guarantee of the Notes constitutes direct, general, unconditional and unsecured obligations of the Guarantor which will at all times rank at least *pari passu* with all other present and future unsecured obligations of the Guarantor, save for such obligations as may be preferred by provisions of law that are both mandatory and of general application.

5. Covenants

- (a) *Negative Pledge:* So long as any Note remains outstanding, neither the relevant Issuer nor, if applicable, the Guarantor shall, and each of the relevant Issuer and the Guarantor shall procure that none of its Subsidiaries shall, create or permit to subsist any Security Interest other than a Permitted Security Interest upon the whole or any part of its present or future undertaking, assets or revenues (including uncalled capital) to secure any Relevant Indebtedness or to secure any Guarantee of Relevant Indebtedness without (a) at the same time or prior thereto securing the Notes or Guarantee of the Notes (as applicable) equally and rateably therewith or (b) providing such other security for the Notes or the Guarantee of the Notes (as applicable) as may be approved by an Extraordinary Resolution of Noteholders.
- (b) *Limitations on the Incurrence of Secured Indebtedness:* So long as any Note remains outstanding Hemsö Fastighets AB will not, and will not permit any Subsidiary to incur directly or indirectly, any Secured Indebtedness or any secured Guarantee of any Indebtedness (excluding for the purposes of this Condition 5(b) any Permitted Refinancing Indebtedness) if, on the date of such incurrence and after giving pro forma effect thereto (including pro forma application of the proceeds) the total value of Secured

Indebtedness or any secured Guarantee of any Indebtedness combined would exceed 40 per cent. of Consolidated Total Assets.

6. Fixed Rate Note Provisions

- (a) *Application:* This Condition 6 (*Fixed Rate Note Provisions*) is applicable to the Notes only if the Fixed Rate Note Provisions are specified in the relevant Final Terms as being applicable.
- (b) *Accrual of interest:* The Notes bear interest from the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 10 (*Payments - Bearer Notes*). Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 6 (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).
- (c) *Fixed Coupon Amount:* Other than if the Notes are redeemed on any date that is not an Interest Payment Date, the amount of interest payable in respect of each Note for any Interest Period shall be the relevant Fixed Coupon Amount and, if the Notes are in more than one Specified Denomination, shall be the relevant Fixed Coupon Amount in respect of the relevant Specified Denomination.
- (d) *Calculation of interest amount:* The amount of interest payable in respect of each Note for any period for which a Fixed Coupon Amount is not specified shall be calculated by applying the Rate of Interest to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of such Note divided by the Calculation Amount. For this purpose a "**sub-unit**" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

7. Floating Rate Note Provisions

- (a) *Application:* This Condition 7 (*Floating Rate Note Provisions*) is applicable to the Notes only if the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable.
- (b) *Accrual of interest:* The Notes bear interest from the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 10 (*Payments - Bearer Notes*). Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).
- (c) *Screen Rate Determination:* The Rate of Interest applicable to the Notes for each Interest Period will be (other than in respect of Notes for which SOFR or any related index is specified as the Reference Rate in the relevant Final Terms) determined by the Calculation Agent on the following basis:
 - (i) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;

(ii) if Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight-line linear interpolation by reference to two rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date, where:

- (A) one rate shall be determined as if the relevant Interest Period were the period of time for which rates are available next shorter than the length of the relevant Interest Period; and
- (B) the other rate shall be determined as if the relevant Interest Period were the period of time for which rates are available next longer than the length of the relevant Interest Period;

provided, however, that if no rate is available for a period of time next shorter or, as the case may be, next longer than the length of the relevant Interest Period, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate;

(iii) in any other case, the Calculation Agent, in consultation with the relevant Issuer, will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;

(iv) if, in the case of 7(c)(i) above, such rate does not appear on that page or, in the case of 7(c)(iii) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, the Calculation Agent will, in consultation with the relevant Issuer:

- (A) request the principal Relevant Financial Centre office of each of the Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time; and
- (B) determine the arithmetic mean of such quotations; and

(v) if fewer than two such quotations are provided as requested, the Calculation Agent, in consultation with the relevant Issuer, will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks in the Principal Financial Centre of the Specified Currency, selected by the Calculation Agent, at approximately 11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the first day of the relevant Interest Period for loans in the Specified Currency to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,

and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined; **provided, however, that** if the Calculation Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the Notes during such Interest Period will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period.

(d) *Interest – Floating Rate Notes referencing SOFR (Screen Rate Determination)*

(i) Where the Reference Rate is specified in the relevant Final Terms as being "SOFR" and "Index Determination" is specified in the relevant Final Terms as being "Not Applicable", the Rate of Interest for each Interest Period will, subject as provided below, be the Benchmark plus or minus

(as specified in the relevant Final Terms) the Margin, all as determined by the Calculation Agent on each Interest Determination Date.

- (ii) For the purposes of this Condition 7(d):

"Benchmark" means Compounded SOFR, which is a compounded average of daily SOFR, as determined for each Interest Period in accordance with the specific formula and other provisions set out in this Condition 7(d).

Daily SOFR rates will not be published in respect of any day that is not a U.S. Government Securities Business Day, such as a Saturday, Sunday or holiday. For this reason, in determining Compounded SOFR in accordance with the specific formula and other provisions set forth herein, the daily SOFR rate for any U.S. Government Securities Business Day that immediately precedes one or more days that are not U.S. Government Securities Business Days will be multiplied by the number of calendar days from and including such U.S. Government Securities Business Day to, but excluding, the following U.S. Government Securities Business Day.

If the Issuer determines that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred in respect of Compounded SOFR (or the daily SOFR used in the calculation hereof) prior to the relevant SOFR Determination Time, then the provisions under Condition 7(d)(iii) below will apply.

"Compounded SOFR" with respect to any Interest Period, means the rate of return of a daily compound interest investment computed in accordance with the following formula (and the resulting percentage will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point, with 0.000005 being rounded upwards to 0.00001):

$$\left[\prod_{i=1}^{d_o} \left(1 + \frac{SOFR_i \times n_i}{D} \right) - 1 \right] \times \frac{D}{d}$$

"d" is the number of calendar days in:

- (i) where "Lag" is specified as the Observation Method in the relevant Final Terms, the relevant Interest Period; or
- (ii) where "Observation Shift" is specified as the Observation Method in the relevant Final Terms, the relevant Observation Period.

"D" is the number specified in the relevant Final Terms (or, if no such number is specified, 360);

"do" is the number of U.S. Government Securities Business Days in:

- (i) where "Lag" is specified as the Observation Method in the relevant Final Terms, the relevant Interest Period; or
- (ii) where "Observation Shift" is specified as the Observation Method in the relevant Final Terms, the relevant Observation Period.

"i" is a series of whole numbers from one to do, each representing the relevant U.S. Government Securities Business Day in chronological order from, and including, the first U.S. Government Securities Business Day in:

- (i) where "Lag" is specified as the Observation Method in the relevant Final Terms, the relevant Interest Period; or

to and including the last U.S. Government Securities Business Day in such period;

"Interest Determination Date" means, in respect of any Interest Period, the date falling "p" U.S. Government Securities Business Days prior to the Interest Payment Date for such Interest Period (or the date falling "p" U.S. Government Securities Business Days prior to such earlier date, if any, on which the Notes are due and payable), as specified in the relevant Final Terms;

"ni" for any U.S. Government Securities Business Day "i" in the relevant Interest Period or Observation Period (as applicable), is the number of calendar days from, and including, such U.S. Government Securities Business Day "i" to, but excluding, the following U.S. Government Securities Business Day;

"Observation Period" in respect of an Interest Period means the period from, and including, the date falling "p" U.S. Government Securities Business Days preceding the first day in such Interest Period (and the first Interest Period shall begin on and include the Interest Commencement Date) to, but excluding, the date falling "p" U.S. Government Securities Business Days preceding the Interest Payment Date for such Interest Period (or the date falling "p" U.S. Government Securities Business Days prior to such earlier date, if any, on which the Notes become due and payable);

"p" for any Interest Period or Observation Period (as applicable) means the number of U.S. Government Securities Business Days specified as the "Lag Period" or the "Observation Shift Period" (as applicable) in the relevant Final Terms or if no such period is specified, five U.S. Government Securities Business Days;

"SOFR" with respect to any U.S. Government Securities Business Day, means:

- (i) the Secured Overnight Financing Rate published for such U.S. Government Securities Business Day as such rate appears on the SOFR Administrator's Website at 3:00 p.m. (New York time) on the immediately following U.S. Government Securities Business Day (the **"SOFR Determination Time"**); or
- (ii) Subject to Condition 7(d)(iii) below, if the rate specified in (i) above does not so appear, the Secured Overnight Financing Rate as published in respect of the first preceding U.S. Government Securities Business Day for which the Secured Overnight Financing Rate was published on the SOFR Administrator's Website;

"SOFR Administrator" means the Federal Reserve Bank of New York (or a successor administrator of the Secured Overnight Financing Rate);

"SOFR Administrator's Website" means the website of the Federal Reserve Bank of New York, or any successor source;

"SOFRi" means the SOFR for:

- (i) where "Lag" is specified as the Observation Method in the applicable Final Terms, the U.S. Government Securities Business Day falling "p" U.S. Government Securities Business Days prior to the relevant U.S. Government Securities Business Day "i"; or
- (ii) where "Observation Shift" is specified as the Observation Method in the relevant Final Terms, the relevant U.S. Government Securities Business Day "i"; and

"U.S. Government Securities Business Day" means any day except for a Saturday, a Sunday or a day on which the Securities Industry and Financial Markets Association recommends that the fixed income departments of its members be closed for the entire day for purposes of trading in U.S. government securities.

- (iii) If the Issuer or the Issuer's designee determines on or prior to the relevant Reference Time that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to the then-current Benchmark, the Benchmark Replacement will replace the then-current Benchmark for all purposes relating to the Notes in respect of all determinations on such date and for all determinations on all subsequent dates. In connection with the implementation of a Benchmark Replacement, the Issuer will have the right to make Benchmark Replacement Conforming Changes from time to time, without any requirement for the consent or approval of the Noteholders.

Any determination, decision or election that may be made by the Issuer or the Issuer's designee pursuant to this section, including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection:

- (i) will be conclusive and binding absent manifest error;
- (ii) will be made in the sole discretion of the Issuer or its designee, as applicable; and
- (iii) notwithstanding anything to the contrary in the documentation relating to the Notes, shall become effective without consent from the holders of the Notes or any other party.

"Benchmark" means, initially, Compounded SOFR, as such term is defined above; provided that if the Issuer or its designee determines on or prior to the Reference Time that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to Compounded SOFR (or the published daily SOFR used in the calculation thereof) or the then-current Benchmark, then "Benchmark" shall mean the applicable Benchmark Replacement.

"Benchmark Replacement" means the first alternative set forth in the order below that can be determined by the Issuer or its designee as of the Benchmark Replacement Date:

- (i) the sum of: (A) the alternate rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current Benchmark for the applicable Corresponding Tenor and (B) the Benchmark Replacement Adjustment;
- (ii) the sum of: (A) the ISDA Fallback Rate and (B) the Benchmark Replacement Adjustment; or
- (iii) the sum of: (A) the alternate rate of interest that has been selected by the Issuer as the replacement for the then-current Benchmark for the applicable Corresponding Tenor giving due consideration to any industry-accepted rate of interest as a replacement for the then-current Benchmark for U.S. dollar-denominated floating rate notes at such time and (B) the Benchmark Replacement Adjustment;

"Benchmark Replacement Adjustment" means the first alternative set forth in the order below that can be determined by the issuer or its designee as of the Benchmark Replacement Date:

- (i) the spread adjustment, or method for calculating or determining such spread adjustment, (which may be a positive or negative value or zero) that has been selected or

recommended by the Relevant Governmental Body for the applicable Unadjusted Benchmark Replacement;

- (ii) if the applicable Unadjusted Benchmark Replacement is equivalent to the ISDA Fallback Rate, the ISDA Fallback Adjustment; or
- (iii) the spread adjustment (which may be a positive or negative value or zero) that has been selected by the Issuer giving due consideration to any industry-accepted spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of the then-current Benchmark with the applicable Unadjusted Benchmark Replacement for U.S. dollar-denominated floating rate notes at such time;

"Benchmark Replacement Conforming Changes" means, with respect to any Benchmark Replacement, any technical, administrative or operational changes (including changes to the timing and frequency of determining rates and making payments of interest, rounding of amounts or tenors, and other administrative matters) that the Issuer or its designee decides may be appropriate to reflect the adoption of such Benchmark Replacement in a manner substantially consistent with market practice (or, if the Issuer or its designee decides that adoption of any portion of such market practice is not administratively feasible or if the Issuer determines that no market practice for use of the Benchmark Replacement exists, in such other manner as the Issuer or its designee determines is reasonably necessary);

"Benchmark Replacement Date" means the earliest to occur of the following events with respect to the then-current Benchmark (including the daily published component used in the calculation thereof):

- (i) in the case of paragraph (i) or (ii) of the definition of "Benchmark Transition Event", the later of (a) the date of the public statement or publication of information referenced therein and (b) the date on which the administrator of the Benchmark permanently or indefinitely ceases to provide the Benchmark (or such component); or
- (ii) in the case of paragraph (iii) of the definition of "Benchmark Transition Event", the date of the public statement or publication of information referenced therein.

For the avoidance of doubt, if the event that gives rise to the Benchmark Replacement Date occurs on the same day as, but earlier than, the Reference Time in respect of any determination, the Benchmark Replacement Date will be deemed to have occurred prior to the Reference Time for such determination;

"Benchmark Transition Event" means the occurrence of one or more of the following events with respect to the then-current Benchmark (including the daily published component used in the calculation thereof):

- (i) a public statement or publication of information by or on behalf of the administrator of the Benchmark (or such component) announcing that such administrator has ceased or will cease to provide the Benchmark (or such component), permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark (or such component); or
- (ii) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark (or such component), the central bank for the currency of the Benchmark (or such component), an insolvency official with jurisdiction over the administrator for the Benchmark (or such component), a resolution authority with jurisdiction over the administrator for the Benchmark (or such component) or a court or

an entity with similar insolvency or resolution authority over the administrator for the Benchmark, which states that the administrator of the Benchmark (or such component) has ceased or will cease to provide the Benchmark (or such component) permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark (or such component); or

- (iii) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark announcing that the Benchmark is no longer representative;

"Corresponding Tenor" with respect to a Benchmark Replacement, means a tenor (including overnight) having approximately the same length (disregarding business day adjustment) as the applicable tenor for the then-current Benchmark;

"ISDA Fallback Adjustment" means the spread adjustment (which may be a positive or negative value or zero) that would apply for derivatives transactions referencing the 2006 ISDA Definitions to be determined upon the occurrence of an index cessation event with respect to the Benchmark;

"ISDA Fallback Rate" means the rate that would apply for derivatives transactions referencing the 2006 ISDA Definitions to be effective upon the occurrence of an index cessation date with respect to the Benchmark for the applicable tenor excluding the applicable ISDA Fallback Adjustment;

"Reference Time" with respect to any determination of the Benchmark means (i) if the Benchmark is Compounded SOFR, the SOFR Determination Time, and (ii) if the Benchmark is not Compounded SOFR, the time determined by the Issuer or its designee after giving effect to the Benchmark Replacement Conforming Changes;

"Relevant Governmental Body" means the Federal Reserve Board and/or the Federal Reserve Bank of New York, or a committee officially endorsed or convened by the Federal Reserve Board and/or the Federal Reserve Bank of New York or any successor thereto; and

"Unadjusted Benchmark Replacement" means the Benchmark Replacement excluding the Benchmark Replacement Adjustment.

- (i) Any Benchmark Replacement, Benchmark Replacement Adjustment and the specific terms of any Benchmark Replacement Conforming Changes, determined under Condition 7(d)(iii) above will be notified promptly by the Issuer to the Fiscal Agent, the Calculation Agent, the Paying Agents and, in accordance with Condition 20 (*Notices*), the Noteholders. Such notice shall be irrevocable and shall specify the effective date on which such changes take effect.
- (ii) If the Rate of Interest cannot be determined in accordance with the foregoing provisions of this Condition 7(d), the Rate of Interest shall be (A) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin, Maximum Rate of Interest and/or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin, Maximum Rate of Interest and/or Minimum Rate of Interest relating to the relevant Interest Period, in place of the Margin, Maximum Rate of Interest and/or Minimum Rate of Interest (as applicable) relating to that last preceding Interest Period) or (B) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to the Notes for the first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period

but ending on (and excluding) the Interest Commencement Date (but applying the Margin, Maximum Rate of Interest and/or Minimum Rate of Interest applicable to the first Interest Period).

- (e) *Interest – SOFR Compounded Index (Screen Rate Determination)*: Where the "Reference Rate" is specified in the relevant Final Terms as being "SOFR" and "Index Determination" is specified in the relevant Final Terms as being applicable, the Rate of Interest for each Interest Period will be the compounded daily reference rate for the relevant Interest Period, calculated in accordance with the following formula on the relevant Interest Determination Date:

$$\left(\frac{\text{Compounded Index End}}{\text{Compounded Index Start}} - 1 \right) \times \frac{360}{d}$$

and rounded to the Relevant Decimal Place, plus or minus the Margin (if any), all as determined and calculated by the Calculation Agent, where:

"Compounded Index End" means, in respect of an Interest Period the SOFR Compounded Index value on the day falling the Relevant Number of Index Days prior to the Interest Payment Date for such Interest Period, or such other date on which the relevant payment of interest falls due (but which by its definition or the operation of the relevant provisions is excluded from such Interest Period);

"Compounded Index Start" means, in respect of an Interest Period, the SOFR Compounded Index value on the day falling the Relevant Number of Index Days prior to the first day of the relevant Interest Period;

"d" is the number of calendar days from (and including) the day on which the Compounded Index Start is determined to (but excluding) the day on which the Compounded Index End is determined;

"Index Days" means U.S. Government Securities Business Days;

"Interest Determination Date" means, in respect of any Interest Period, the date falling "p" U.S. Government Securities Business Days prior to the Interest Payment Date for such Interest Period (or the date falling "p" U.S. Government Securities Business Days prior to such earlier date, if any, on which the Notes are due and payable), as specified in the relevant Final Terms;

"Relevant Decimal Place" shall, unless otherwise specified in the Final Terms, be the fifth decimal place, rounded up or down, if necessary (with 0.000005 being rounded upwards);

"Relevant Number of Index Days" is as specified in the applicable Final Terms, but, unless otherwise specified shall be five;

"SOFR Compounded Index" means the Compounded SOFR rate as published at 15:00 (New York time) by Federal Reserve Bank of New York (or a successor administrator of SOFR) on the website of the Federal Reserve Bank of New York, or any successor source; and

"U.S. Government Securities Business Day" means any day except for a Saturday, a Sunday or a day on which the Securities Industry and Financial Markets Association recommends that the fixed income departments of its members be closed for the entire day for purposes of trading in U.S. government securities.

If, with respect to any Interest Period, the relevant rate is not published for the SOFR Compounded Index either on the relevant Start or End date, then the Calculation Agent shall calculate the rate of interest for that Interest Period as if Index Determination was not specified in the applicable Final Terms and as if Compounded SOFR (as defined in Condition 7(d)) had been specified instead in the Final Terms, and in each case "Observation Shift" had been specified as the Observation Method in the relevant Final Terms, and where the Observation Shift Period for the purposes of the references to that term in Condition 7(d)

shall be deemed to be the same as the Relevant Number of Index Days specified in the Final Terms. For the avoidance of doubt, if a Benchmark Transition Event and its related Benchmark Replacement Date has occurred in respect of SOFR, the provisions of Condition 7(d) above shall apply.

- (f) *Maximum or Minimum Rate of Interest:* If any Maximum Rate of Interest or Minimum Rate of Interest is specified in the relevant Final Terms, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified.
- (g) *Calculation of Interest Amount:* The Calculation Agent will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the Interest Amount payable in respect of each Note for such Interest Period. The Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of the relevant Note divided by the Calculation Amount. For this purpose a "sub-unit" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.
- (h) *Publication:* The Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s) to be notified to the Paying Agents and each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation as soon as practicable after such determination but (in the case of each Rate of Interest, Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Noteholders. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period. If the Calculation Amount is less than the minimum Specified Denomination the Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum Specified Denomination.
- (i) *Notifications etc.:* All notifications, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 7 by the Calculation Agent will (in the absence of manifest error) be binding on the relevant Issuer, the Guarantor, the Paying Agents, the Noteholders and the Couponholders and (subject as aforesaid) no liability to any such Person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.
- (j) *Determination of Rate of Interest following acceleration:* If (i) the Notes become due and payable in accordance with Condition 13 (*Events of Default*) and (ii) the Rate of Interest for the Interest Period during which the Notes become due and payable is to be determined by reference to Condition 7(d) (*Interest – Floating Rate Notes referencing SOFR (Screen Rate Determination)*) or 7(e) (*Interest – SOFR Compounded Index (Screen Rate Determination)*) above, then the final Interest Determination Date shall be the date on which the Notes become so due and payable, and such Rate of Interest shall continue to apply to the Notes for so long as interest continues to accrue thereon as provided in the Conditions.
- (k) *Benchmark Discontinuation:* Notwithstanding the provisions above in this Condition 7, and other than in the case of a U.S. dollar-denominated floating rate Note for which the Reference Rate is specified in the relevant Final Terms as being "SOFR" or "SOFR Compounded Index", if the relevant Issuer, in consultation with the party responsible for determining the Rate of Interest (being the Calculation Agent or such other party specified in the applicable Final Terms, as applicable), determines that a Benchmark Event has occurred in relation to an Original Reference Rate at any time when the Conditions provide for any Rate of Interest (or any component part thereof) to be determined by reference to such Original Reference Rate, then the following provisions shall apply.

(i) *Independent Adviser*

The relevant Issuer shall use reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine (acting in good faith and in a commercially reasonable manner) a Successor Rate, failing which an Alternative Rate and, in either case, an Adjustment Spread and any Benchmark Amendments (each as defined and as further described below) no later than 5 Business Days prior to the Interest Determination Date relating to the next succeeding Interest Period (the "**IA Determination Cut-off Date**") for purposes of determining the Rate of Interest applicable to the Notes for such next succeeding Interest Period and for all future Interest Periods (subject to the subsequent operation of this Condition 7(k) during any other future Interest Period(s)).

(ii) *Successor Rate or Alternative Rate*

If the Independent Adviser (acting in good faith and in a commercially reasonable manner) determines that:

- (A) there is a Successor Rate, then such Successor Rate (as adjusted by the applicable Adjustment Spread as provided in Condition 7(k)(iii)) shall subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the subsequent further operation of this Condition 7(k)) or
- (B) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate (as adjusted by the applicable Adjustment Spread as provided in Condition 7(k)(iii)) shall subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the subsequent further operation of this Condition 7(k)).

(iii) *Adjustment Spread*

If a Successor Rate or Alternative Rate is determined in accordance with Condition 7(k)(ii) above, the Independent Adviser acting in good faith shall determine an Adjustment Spread (which may be expressed as a specified quantum or a formula or methodology for determining the applicable Adjustment Spread (and, for the avoidance of doubt, an Adjustment Spread may be positive, negative or zero)), which Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a relevant component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable), subject to the subsequent further operation and adjustment as provided in this Condition 7(k).

(iv) *Benchmark Amendments*

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 7(k) and the Independent Adviser acting in good faith determines (i) that amendments to these Conditions and/or the Agency Agreement are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the "**Benchmark Amendments**") and (ii) the terms of the Benchmark Amendments, then the relevant Issuer shall, subject to giving notice thereof in accordance with Condition 7(k)(v) (*Notices, etc.*) below, without any requirement for the consent or approval of Noteholders or Couponholders, vary these Conditions and/or the Agency Agreement to give effect to such Benchmark Amendments with effect from the date specified in such notice.

At the request of the relevant Issuer, the Fiscal Agent, the Paying Agents and the Calculation Agent shall (at the relevant Issuer's expense and direction), without any requirement for the consent or approval of the Noteholders or Couponholders, be obliged to concur with the relevant Issuer in effecting any Benchmark Amendments required to the Agency Agreement and these Conditions.

In connection with any such variation in accordance with this Condition 7(k)(iv), the relevant Issuer shall comply with the rules of any stock exchange or other relevant authority on or by which the Notes are for the time being listed or admitted to trading.

(v) *Notices, etc.*

The relevant Issuer shall promptly notify the party responsible for determining the Rate of Interest (being the Calculation Agent or such other party specified in the applicable Final Terms, as applicable), the Fiscal Agent, the Paying Agents and, in accordance with Condition 20 (*Notices*), the Noteholders of any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments determined under this Condition 7(k)(v). Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

(vi) *Survival of Original Reference Rate*

Without prejudice to the obligations of the relevant Issuer under this Condition 7(k), the Original Reference Rate and the fallback provisions provided for in Condition 7(c) will continue to apply unless and until the party responsible for determining the Rate of Interest (being the Calculation Agent or such other party specified in the applicable Final Terms, as applicable) has been notified of the Successor Rate or the Alternative Rate (as the case may be), the applicable Adjustment Spread and Benchmark Amendments (if applicable), in accordance with Condition 7(k)(v).

(vii) *Fallbacks*

If, following the occurrence of a Benchmark Event and in relation to the determination of the Rate of Interest on the immediately following Interest Determination Date, the relevant Issuer is unable to appoint an Independent Adviser or no Successor Rate or Alternative Rate (as applicable) is determined pursuant to this provision prior to the IA Determination Cut-off Date and the Relevant Screen Page is no longer available for use, the Rate of Interest applicable to the next succeeding Interest Period shall be equal to the Rate of Interest last determined in relation to the Notes in respect of the immediately preceding Interest Period (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Period).

For the avoidance of doubt, this Condition 7(k) shall apply to the determination of the Rate of Interest on the relevant Interest Determination Date only, and the Rate of Interest applicable to any subsequent Interest Period(s) is subject to the subsequent operation of, and to adjustment as provided in, this Condition 7(k).

For the purposes of this Condition 7(k):

"Adjustment Spread" means either a spread (which may be positive, negative or zero), or the formula or methodology for calculating a spread, in either case, which the Independent Adviser acting in good faith determines is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

- (a) in the case of a Successor Rate, is formally recommended, or formally provided as an option for parties to adopt, in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body;
- (b) (if no such recommendation or option has been made (or made available), or in the case of an Alternative Rate) the Independent Adviser acting in good faith determines is recognised or acknowledged as being in customary usage in international debt capital markets transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be); or
- (c) (if no such determination has been made) the Independent Adviser acting in good faith determines, is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be); or
- (d) (if no such industry standard is recognised or acknowledged) the Independent Adviser acting in good faith and in a commercially reasonable manner determines to be appropriate to reduce or eliminate, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders and Couponholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be);

"Alternative Rate" means an alternative to the Original Reference Rate which the Independent Adviser acting in good faith determines in accordance with Condition 7(k)(ii) (*Successor Rate or Alternative Rate*) above has replaced the Original Reference Rate in customary market usage in the international debt capital markets for the purposes of determining rates of interest (or the relevant component part thereof) for the same interest period and in the same Specified Currency as the Notes or, if the Independent Adviser determines there is no such rate, such other rate as the Independent Adviser acting in good faith determines is most comparable to the Original Reference Rate;

"Benchmark Amendments" has the meaning given to it in Condition 7(k)(iv) (*Floating Rate Note Provisions - Benchmark Discontinuation - Benchmark Amendments*);

- (c) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate has been permanently or indefinitely discontinued;
- (d) the later of (i) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate will, on or before a specified date, be permanently or indefinitely discontinued and (ii) the date falling six months prior to the date specified in (d)(i) above;
- (e) the later of (i) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that means the Original Reference Rate will be prohibited from being

used or that its use will be subject to restrictions or adverse consequences, in each case on or before a specified date and (ii) the date falling six months prior to the specified date referred to in (e)(i) above;

- (f) it has or will prior to the next Interest Determination Date become unlawful for the Calculation Agent, the relevant Issuer or any other party to calculate any payments due to be made to any Noteholder or Couponholder using the Original Reference Rate (including, without limitation, under the Benchmarks Regulation (EU) 2016/1011, if applicable); or
- (g) the later of (i) the making of a public statement by the supervisor of the administrator of such Original Reference Rate announcing that such Original Reference Rate is or will, on or before a specified date, be no longer representative and (ii) the date falling six months prior to the specified date referred to in (g)(i) above;

"Independent Adviser" means an independent financial institution of international repute or other independent financial adviser experienced in the international capital markets, in each case appointed by the relevant Issuer at its own expense. For the avoidance of doubt, an Independent Adviser appointed pursuant to this Condition 7(k) shall act in good faith as an expert and (in the absence of bad faith or fraud) shall have no liability whatsoever to the Issuers, the Paying Agents, the Noteholders or the Couponholders for any determination made by it pursuant to this Condition 7(k);

"Original Reference Rate" means the originally-specified Reference Rate used to determine the relevant Rate of Interest (or any component part thereof) in respect of any Interest Period(s) (provided that if, following one or more Benchmark Events, such originally-specified Reference Rate (or any Successor Rate or Alternative Rate which has replaced it) has been replaced by a (or a further) Successor Rate or Alternative Rate and a Benchmark Event subsequently occurs in respect of such Successor Rate or Alternative Rate, the term "Original Reference Rate" shall include any such Successor Rate or Alternative Rate);

"Relevant Nominating Body" means, in respect of an Original Reference Rate:

- (a) the central bank, reserve bank, monetary authority or any similar institution for the currency to which the Original Reference Rate relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the Original Reference Rate; or
- (b) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (a) the central bank, reserve bank, monetary authority or any similar institution for the currency to which the Original Reference Rate relates, (b) any central bank or other supervisory authority which is responsible for supervising the administrator of the Original Reference Rate, (c) a group of the aforementioned central banks or other supervisory authorities or (d) the Financial Stability Board or any part thereof; and

"Successor Rate" means a successor to or replacement of the Original Reference Rate or, where a Successor Rate or an Alternative Rate has been determined pursuant to Condition 7(k)(ii) (*Successor Rate or Alternative Rate*) above, such Successor Rate or Alternative Rate, as applicable, which is formally recommended, or formally provided as an option for parties to adopt, by any Relevant Nominating Body.

- (b) *Late payment on Zero Coupon Notes:* If the Redemption Amount payable in respect of any Zero Coupon Note is improperly withheld or refused, the Redemption Amount shall thereafter be an amount equal to the sum of:
- (i) the Reference Price; and
 - (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price on the basis of the relevant Day Count Fraction from (and including) the Issue Date to (but excluding) whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

9. Redemption and Purchase

- (a) *Scheduled redemption:* Unless previously redeemed, or purchased and cancelled, the Notes will be redeemed at their Final Redemption Amount on the Maturity Date, subject as provided in Condition 10 (*Payments - Bearer Notes*) and Condition 11 (*Payments - Registered Notes*).
- (b) *Redemption for tax reasons:* The Notes may be redeemed at the option of the relevant Issuer in whole, but not in part:

 - (ii) on any Interest Payment Date (if the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable),

on giving not less than 30 nor more than 60 days' notice to the Noteholders, or such other period(s) as may be specified in the relevant Final Terms, (which notice shall be irrevocable), at their Early Redemption Amount (Tax), together with interest accrued (if any) to the date fixed for redemption, if:

- (A) the relevant Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 12 (*Taxation*) or the Guarantor is unable to procure payment by the relevant Issuer and in making payment itself would be required to pay such additional amounts, in each case as a result of any change in, or amendment to, the laws or regulations of the Kingdom of Sweden or the Republic of Finland or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations (including a holding by a court of competent jurisdiction), which change or amendment becomes effective on or after an agreement is reached to issue the first Tranche of the Notes; and
- (B) such obligation cannot be avoided by the relevant Issuer or, as the case may be, the Guarantor taking reasonable measures available to it,

provided, however, that no such notice of redemption shall be given earlier than:

- (1) where the Notes may be redeemed at any time, 90 days (or such other period as may be specified in the relevant Final Terms) prior to the earliest date on which the relevant Issuer or, as the case may be, the Guarantor would be obliged to pay such additional amounts or the relevant Issuer or, as the case may be, the Guarantor would be obliged to make such withholding or deduction if a

payment in respect of the Notes were then due or (as the case may be) a demand under the Guarantee of the Notes were then made; or

- (2) where the Notes may be redeemed only on an Interest Payment Date, 60 days (or such other period as may be specified in the relevant Final Terms) prior to the Interest Payment Date occurring immediately before the earliest date on which the relevant Issuer or, as the case may be, the Guarantor would be obliged to pay such additional amounts or the relevant Issuer or, as the case may be, the Guarantor would be obliged to make such withholding or deduction if a payment in respect of the Notes were then due (or the case may be) a demand under the Guarantee of the Notes were then made.

Prior to the publication of any notice of redemption pursuant to this paragraph, the relevant Issuer shall deliver to the Fiscal Agent (A) a certificate signed by two directors of the relevant Issuer or, as the case may be, two authorised signatories of the Guarantor, stating that the relevant Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the relevant Issuer so to redeem have occurred of and (B) an opinion of independent legal advisers of recognised standing to the effect that the relevant Issuer or, as the case may be, the Guarantor has or will become obliged to pay such additional amounts as a result of such change or amendment. Upon the expiry of any such notice as is referred to in this Condition 9(b), the relevant Issuer shall be bound to redeem the Notes in accordance with this Condition 9(b).

- (c) *Redemption at the option of the Relevant Issuer:* If Call Option is specified in the relevant Final Terms as being applicable, the Notes may be redeemed at the option of the relevant Issuer in whole or, if so specified in the relevant Final Terms, in part on any Optional Redemption Date (Call) at the relevant Optional Redemption Amount (Call) on the relevant Issuer's giving not less than 10 nor more than 60 days' notice to the Noteholders, or such other period(s) as may be specified in the relevant Final Terms (which notice shall be irrevocable (other than in the circumstances set out below) and shall oblige the relevant Issuer to redeem the Notes or, as the case may be, the Notes specified in such notice on any relevant Optional Redemption Date (Call) at the relevant Optional Redemption Amount (Call) plus accrued interest (if any) to (but excluding) such Optional Redemption Date (Call)). Any such redemption must be of a principal amount not less than any Minimum Redemption Amount and not more than any Maximum Redemption Amount, in each case as may be specified in the applicable Final Terms. Where the Optional Redemption Amount (Call) is a Make-Whole Redemption Amount, any such notice of redemption may, at the relevant Issuer's discretion, be subject to one or more conditions precedent, in which case such notice shall state that, in the relevant Issuer's discretion, the Optional Redemption Date (Call) may be delayed until such time as any or all such conditions shall be satisfied (or waived by the relevant Issuer in its sole discretion), or such redemption may not occur and such notice may be rescinded in the event that any or all such conditions shall not have been satisfied (or waived by the relevant Issuer in its sole discretion) by the Optional Redemption Date (Call), or by the Optional Redemption Date (Call) so delayed.
- (d) *Partial redemption:* If the Notes are to be redeemed in part only on any date in accordance with Condition 9(c) (*Redemption and Purchase - Redemption at the option of the Relevant Issuer*), in the case of Bearer Notes, the Notes to be redeemed shall be selected by the drawing of lots in such place as the Fiscal Agent approves and in such manner as the Fiscal Agent considers appropriate, subject to compliance with applicable law, the rules of each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and the notice to Noteholders referred to in Condition 9(c) (*Redemption and Purchase - Redemption at the option of the Relevant Issuer*) (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in principal amount, at their discretion) shall specify the serial numbers of the Notes so to be redeemed (which will be published by the relevant Issuer in accordance with Condition 20

(*Notices*) not less than 15 days prior to the date fixed for redemption), and, in the case of Registered Notes, each Note shall be redeemed in part in the proportion which the aggregate principal amount of the outstanding Notes to be redeemed on the relevant Optional Redemption Date (Call) bears to the aggregate principal amount of outstanding Notes on such date. If any Maximum Redemption Amount or Minimum Redemption Amount is specified in the relevant Final Terms, then the Optional Redemption Amount (Call) shall in no event be greater than the maximum or be less than the minimum so specified.

- (e) *Redemption at the option of Noteholders:* If Put Option is specified in the relevant Final Terms as being applicable, the relevant Issuer shall, at the option of the Holder of any Note redeem such Note on the Optional Redemption Date (Put) specified in the relevant Put Option Notice at the relevant Optional Redemption Amount (Put) together with interest (if any) accrued to such date. In order to exercise the option contained in this Condition 9(e), the Holder of a Note must, not less than 30 nor more than 60 days before the relevant Optional Redemption Date (Put) (or such other period(s) as may be specified in the relevant Final Terms), deposit with any Paying Agent such Note together with all unmatured Coupons relating thereto and a duly completed Put Option Notice in the form obtainable from any Paying Agent. The Paying Agent with which a Note is so deposited shall deliver a duly completed Put Option Receipt to the depositing Noteholder. No Note, once deposited with a duly completed Put Option Notice in accordance with this Condition 9(e), may be withdrawn; **provided, however, that** if, prior to the relevant Optional Redemption Date (Put), any such Note becomes immediately due and payable or, upon due presentation of any such Note on the relevant Optional Redemption Date (Put), payment of the redemption moneys is improperly withheld or refused, the relevant Paying Agent shall mail notification thereof to the depositing Noteholder at such address as may have been given by such Noteholder in the relevant Put Option Notice and shall hold such Note at its Specified Office for collection by the depositing Noteholder against surrender of the relevant Put Option Receipt. For so long as any outstanding Note is held by a Paying Agent in accordance with this Condition 9(e), the depositor of such Note and not such Paying Agent shall be deemed to be the Holder of such Note for all purposes.
- (f) *Redemption at the option of Noteholders upon Change of Control.* If a Change of Control Put Option is specified as applicable in the relevant Final Terms, then this Condition 9(f) (*Redemption at the option of Noteholders upon Change of Control*) will apply. If after the Issue Date (i) a Change of Control occurs; and (ii) within the Change of Control Period, a Rating Downgrade in respect of that Change of Control occurs (a "**Change of Control Event**") the relevant Issuer shall, at the option of the holder of any Note, upon the holder of such Note giving notice to the relevant Issuer as provided in this Condition 9(f) (*Redemption at the option of Noteholders upon Change of Control*) at any time during the Put Option Redemption Period, redeem such Note on the Put Option Redemption Date at 100 per cent. of its principal amount together (if applicable) with interest accrued and unpaid to (but excluding) the Put Option Redemption Date.

Immediately upon the relevant Issuer becoming aware that a Change of Control Event has occurred, the relevant Issuer shall give notice (a "**Change of Control Notice**") to the Noteholders in accordance with Condition 20 (*Notices*) specifying the nature of the Change of Control Event and the procedure for exercising the put option contained in this Condition 9(f) (*Redemption at the option of Noteholders upon Change of Control*).

To exercise the put option pursuant to this Condition 9(f) (*Redemption at the option of Noteholders upon Change of Control*), a holder must deposit the certificate representing the Note(s) to be redeemed with the Registrar or any Paying and Transfer Agent at its specified office, together with a duly completed option exercise notice ("**Exercise Notice**") in the form obtainable from any Paying and Transfer Agent or the Registrar within the Put Option Redemption Period. An Exercise Notice, once given, shall be irrevocable.

If 80 per cent. or more in principal amount of the Notes then outstanding has been redeemed pursuant to this Condition 9(f) (*Redemption at the option of Noteholders upon Change of Control*), the relevant Issuer may, on not less than 10 or more than 60 days' notice to the Noteholders given within 30 days after the Put Option Redemption Date, redeem, at its option, the remaining Notes at 100 per cent. of their principal

amount, together with interest accrued and unpaid to (but excluding) the date of such redemption. Such notice to the Noteholders shall specify the date fixed for redemption, the redemption price and the manner in which redemption will be effected.

For the purpose of Condition 9(f) (Redemption at the option of Noteholders upon Change of Control):

- (1) **"Put Option Redemption Date"** means, in respect of any Note, the date which falls 14 days after the date on which the relevant holder exercises its option in accordance with Condition 9(f) (*Redemption at the option of Noteholders upon Change of Control*);
 - (2) **"Put Option Redemption Period"** means the period from and including the date on which a Change of Control Event occurs (whether or not the relevant Issuer has given a Change of Control Notice (as applicable) in respect of such event) to and including the date falling 45 days after the date on which such Change of Control Notice is delivered to the Noteholders, provided that if no Change of Control Notice (as applicable) is given, the Put Option Redemption Period shall not terminate.
- (g) *Clean-up Call Option:* If the Clean-up Call Option is specified in the relevant Final Terms as being applicable, in the event that Notes representing an aggregate amount equal to or exceeding 80 per cent. of the principal amount of the Notes initially issued (which shall include, for these purposes, any further Notes issued pursuant to Condition 19 (*Further Issues*)) have been purchased and cancelled or redeemed by the relevant Issuer (other than as a result of the exercise by the relevant Issuer of its redemption right under Condition 9(c) (*Redemption and Purchase - Redemption at the option of the Relevant Issuer*)) the relevant Issuer may, on giving not less than 10 nor more than 60 days' irrevocable notice to the Noteholders (or such other notice period as may be specified in the applicable Final Terms), redeem on the date specified in such notice all, but not some only, of the remaining Notes in that Series at their Clean-up Call Redemption Amount (as specified in the relevant Final Terms) together with any interest accrued to but excluding the date set for redemption.
- (h) *No other redemption:* The relevant Issuer shall not be entitled to redeem the Notes otherwise than as provided in paragraphs (a) to (g) above.
- (i) *Early redemption of Zero Coupon Notes:* Unless otherwise specified in the relevant Final Terms, the Redemption Amount payable on redemption of a Zero Coupon Note at any time before the Maturity Date shall be an amount equal to the sum of:
- (i) the Reference Price; and
 - (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which the Note becomes due and payable.

Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of such Day Count Fraction as may be specified in the Final Terms for the purposes of this Condition 9(i) or, if none is so specified, a Day Count Fraction of 30E/360.

- (j) *Purchase:* The relevant Issuer, the Guarantor or any of their respective Subsidiaries may at any time purchase Notes in the open market or otherwise and at any price, **provided that** all unmatured Coupons are purchased therewith. Such Notes may be held, reissued, resold or, at the option of the relevant Issuer, the Guarantor or the relevant Subsidiary surrendered to the Fiscal Agent for cancellation.
- (k) *Cancellation:* All Notes so redeemed or purchased or surrendered for cancellation and any unmatured Coupons attached to or surrendered with them shall be cancelled and may not be reissued or resold.

10. Payments - Bearer Notes

This Condition 10 (*Payments - Bearer Notes*) is only applicable to Bearer Notes.

- (a) *Principal:* Payments of principal shall be made only against presentation and (**provided that** payment is made in full) surrender of Bearer Notes at the Specified Office of any Paying Agent outside the United States by cheque drawn in the currency in which the payment is due on, or by transfer to an account denominated in that currency (or, if that currency is euro, any other account to which euro may be credited or transferred) and maintained by the payee with, a bank in the Principal Financial Centre of that currency.
- (b) *Interest:* Payments of interest shall, subject to paragraph (h) below, be made only against presentation and (**provided that** payment is made in full) surrender of the appropriate Coupons at the Specified Office of any Paying Agent outside the United States in the manner described in paragraph (a) above.
- (c) *Payments in New York City:* Payments of principal or interest may be made at the Specified Office of a Paying Agent in New York City if (i) the relevant Issuer has appointed Paying Agents outside the United States with the reasonable expectation that such Paying Agents will be able to make payment of the full amount of the interest on the Notes in the currency in which the payment is due when due, (ii) payment of the full amount of such interest at the offices of all such Paying Agents is illegal or effectively precluded by exchange controls or other similar restrictions and (iii) payment is permitted by applicable United States law.
- (d) *Payments subject to fiscal laws:* All payments in respect of the Notes are subject in all cases to (i) any applicable fiscal or other laws and regulations in the place of payment or other laws and regulations to which the relevant Issuer, the Guarantor or their Agents are subject, but without prejudice to the provisions of Condition 12 (*Taxation*) and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the US Internal Revenue Code of 1986, as amended (the "**Code**") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of Condition 12 (*Taxation*)) any law implementing an intergovernmental approach thereto.
- (e) *Deductions for unmatured Coupons:* If the relevant Final Terms specifies that the Fixed Rate Note Provisions are applicable and a Bearer Note is presented without all unmatured Coupons relating thereto:
 - (i) if the aggregate amount of the missing Coupons is less than or equal to the amount of principal due for payment, a sum equal to the aggregate amount of the missing Coupons will be deducted from the amount of principal due for payment; **provided, however, that** if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion of the aggregate amount of such missing Coupons which the gross amount actually available for payment bears to the amount of principal due for payment;
 - (ii) if the aggregate amount of the missing Coupons is greater than the amount of principal due for payment:
 - (A) so many of such missing Coupons shall become void (in inverse order of maturity) as will result in the aggregate amount of the remainder of such missing Coupons (the "**Relevant Coupons**") being equal to the amount of principal due for payment; **provided, however, that** where this sub-paragraph would otherwise require a fraction of a missing Coupon to become void, such missing Coupon shall become void in its entirety; and
 - (B) a sum equal to the aggregate amount of the Relevant Coupons (or, if less, the amount of principal due for payment) will be deducted from the amount of principal due for payment; **provided, however, that**, if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion

of the aggregate amount of the Relevant Coupons (or, as the case may be, the amount of principal due for payment) which the gross amount actually available for payment bears to the amount of principal due for payment.

Each sum of principal so deducted shall be paid in the manner provided in paragraph (a) above against presentation and **(provided that** payment is made in full) surrender of the relevant missing Coupons.

- (f) *Unmatured Coupons void:* If the relevant Final Terms specifies that this Condition 10(f) is applicable or that the Floating Rate Note Provisions are applicable, on the due date for final redemption of any Note or early redemption in whole of such Note pursuant to Condition 9(b) (*Redemption and Purchase - Redemption for tax reasons*), Condition 9(c) (*Redemption and Purchase - Redemption at the option of the Relevant Issuer*), Condition 9(e) (*Redemption and Purchase - Redemption at the option of Noteholders*), Condition 9(g) (*Redemption and Purchase - Clean-up Call Option*) or Condition 13 (*Events of Default*), all unmatured Coupons relating thereto (whether or not still attached) shall become void and no payment will be made in respect thereof.
- (g) *Payments on business days:* If the due date for payment of any amount in respect of any Bearer Note or Coupon is not a Payment Business Day in the place of presentation, the Holder shall not be entitled to payment in such place of the amount due until the next succeeding Payment Business Day in such place and shall not be entitled to any further interest or other payment in respect of any such delay.
- (h) *Payments other than in respect of matured Coupons:* Payments of interest other than in respect of matured Coupons shall be made only against presentation of the relevant Bearer Notes at the Specified Office of any Paying Agent outside the United States (or in New York City if permitted by paragraph (c) above).
- (i) *Partial payments:* If a Paying Agent makes a partial payment in respect of any Bearer Note or Coupon presented to it for payment, such Paying Agent will endorse thereon a statement indicating the amount and date of such payment.
- (j) *Exchange of Talons:* On or after the maturity date of the final Coupon which is (or was at the time of issue) part of a Coupon Sheet relating to the Bearer Notes, the Talon forming part of such Coupon Sheet may be exchanged at the Specified Office of the Fiscal Agent for a further Coupon Sheet (including, if appropriate, a further Talon but excluding any Coupons in respect of which claims have already become void pursuant to Condition 14 (*Prescription*)). Upon the due date for redemption of any Bearer Note, any unexchanged Talon relating to such Note shall become void and no Coupon will be delivered in respect of such Talon.

11. Payments - Registered Notes

This Condition 11 (*Payments - Registered Notes*) is only applicable to Registered Notes.

- (a) *Principal:* Payments of principal shall be made by cheque drawn in the currency in which the payment is due drawn on, or, upon application by a Holder of a Registered Note to the Specified Office of the Fiscal Agent not later than the fifteenth day before the due date for any such payment, by transfer to an account denominated in that currency (or, if that currency is euro, any other account to which euro may be credited or transferred) and maintained by the payee with, a bank in the Principal Financial Centre of that currency (in the case of a sterling cheque, a town clearing branch of a bank in the City of London) and (in the case of redemption) upon surrender (or, in the case of part payment only, endorsement) of the relevant Note Certificates at the Specified Office of any Paying Agent.
- (b) *Interest:* Payments of interest shall be made by cheque drawn in the currency in which the payment is due drawn on, or, upon application by a Holder of a Registered Note to the Specified Office of the Fiscal Agent not later than the fifteenth day before the due date for any such payment, by transfer to an account denominated in that currency (or, if that currency is euro, any other account to which euro may be credited

or transferred) and maintained by the payee with, a bank in the Principal Financial Centre of that currency (in the case of a sterling cheque, a town clearing branch of a bank in the City of London) and (in the case of interest payable on redemption) upon surrender (or, in the case of part payment only, endorsement) of the relevant Note Certificates at the Specified Office of any Paying Agent.

- (c) *Payments subject to fiscal laws:* All payments in respect of the Registered Notes are subject in all cases to (i) any applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 12 (*Taxation*) and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of Condition 12 (*Taxation*)) any law implementing an intergovernmental approach thereto.
- (d) *Payments on business days:* Where payment is to be made by transfer to an account, payment instructions (for value the due date, or, if the due date is not Payment Business Day, for value the next succeeding Payment Business Day) will be initiated and, where payment is to be made by cheque, the cheque will be mailed (i) (in the case of payments of principal and interest payable on redemption) on the later of the due date for payment and the day on which the relevant Note Certificate is surrendered (or, in the case of part payment only, endorsed) at the Specified Office of a Paying Agent and (ii) (in the case of payments of interest payable other than on redemption) on the due date for payment. A Holder of a Registered Note shall not be entitled to any interest or other payment in respect of any delay in payment resulting from (A) the due date for a payment not being a Payment Business Day or (B) a cheque mailed in accordance with this Condition 11 arriving after the due date for payment or being lost in the mail.

Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders.

- (b) *Modification:* The Notes, these Conditions, the Deed of Covenant and the Deed of Guarantee may be amended without the consent of the Noteholders or the Couponholders to correct a manifest error or as a result of the operation of Condition 7(d) (*Interest – Floating Rate Notes referencing SOFR (Screen Rate Determination)*) and Condition 7(k) (*Benchmark Discontinuation*). In addition, the parties to the Agency Agreement may agree to modify any provision thereof, but the relevant Issuer and the Guarantor (if applicable) shall not agree, without the consent of the Noteholders, to any such modification unless it is of a formal, minor or technical nature, it is made to correct a manifest error or it is, in the opinion of such parties, not materially prejudicial to the interests of the Noteholders.

18. Substitution

The relevant Issuer, or any previously substituted company, may at any time, without the consent of the Noteholders or the Couponholders, substitute for itself as principal debtor under the Notes and the Coupons, Hemsö Fastighets AB or a Subsidiary of Hemsö Fastighets AB (the "**Substitute**") in the manner specified in the Agency Agreement, provided that no payment in respect of the Notes or the Coupons is at the relevant time overdue. The substitution shall be made by a deed poll (the "**Deed Poll**"), to be substantially in the form exhibited to the Agency Agreement, and may take place only if:

- (i) the Substitute shall have become party to the Agency Agreement *mutatis mutandis*, as if it had been an original party thereto and the Substitute shall enter into a deed of covenant on the same terms as the Deed of Covenant, *mutatis mutandis*;
- (ii) the Substitute shall, by means of the Deed Poll, agree to indemnify each Noteholder, and Couponholder against any withholding, tax, duty, assessment or governmental charge which is imposed on it by (or by any authority in or of) the jurisdiction of the country of the Substitute's residence for tax purposes and/or, if different, of its incorporation with respect to any Note, Coupon or deed of covenant and which would not have been so imposed had the substitution not been made, as well as against any withholding, tax, duty, assessment or governmental charge, and any cost or expense, relating to the substitution;
- (iii) where the Substitute is not Hemsö Fastighets AB, the obligations of the Substitute under the Deed Poll, the Agency Agreement, the deed of covenant, the Notes and the Coupons shall be

unconditionally and irrevocably guaranteed by Hemsö Fastighets AB substantially in the form of the guarantee contained in the Deed Poll;

- (iv) all action, conditions and things required to be taken, fulfilled and done (including the obtaining of any necessary consents) to ensure that the Deed Poll, the Agency Agreement, the Deed of Covenant, the Notes and Coupons, mutatis mutandis represent valid, legally binding and enforceable obligations of the Substitute and in the case of the Deed Poll of Hemsö Fastighets AB have been taken, fulfilled and done and are in full force and effect;
- (v) the Substitute, if incorporated in a jurisdiction other than England, shall have appointed an agent to receive, for and on its behalf, service of process in any Proceedings (as defined in Condition 23(d) (*Rights of the Noteholders to take proceedings outside England*)) in England;
- (vi) each listing authority and stock exchange (if any) on which the Notes are then admitted to listing or trading shall have confirmed that, following the proposed substitution, the Notes will be admitted to listing or trading by such listing authority or stock exchange;
- (vii) legal opinions, subject to customary assumptions and qualifications, addressed to the Noteholders shall have been delivered to them (care of the Fiscal Agent) from a lawyer or firm of lawyers with a leading securities practice in each jurisdiction referred to in (ii) above and in England as to the fulfilment of the preceding conditions of this Condition 18 (*Substitution*) and the other matters specified in the Deed Poll; and
- (viii) the relevant Issuer shall have given at least 14 days' prior notice in accordance with Condition 20 (*Notices*) of such substitution to the Noteholders stating that copies, or, pending execution, the agreed text, of all documents in relation to the substitution which are referred to above, or which might otherwise reasonably be regarded as material to Noteholders, will be available for inspection at the specified office of each of the Paying Agents.

References in Condition 13 (*Events of Default*) to obligations under the Notes shall be deemed to include obligations under the Deed Poll.

19. Further Issues

The relevant Issuer may from time to time, without the consent of the Noteholders or the Couponholders, create and issue further notes having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest) so as to form a single series with the Notes.

20. Notices

- (a) *Bearer Notes*: Notices to the Holders of Bearer Notes shall be valid if published in a leading English language daily newspaper published in London (which is expected to be the *Financial Times*) or, if such publication is not practicable, in a leading English language daily newspaper having general circulation in Europe. Any such notice shall be deemed to have been given on the date of first publication (or if required to be published in more than one newspaper, on the first date on which publication shall have been made in all the required newspapers). Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the Holders of Bearer Notes.
- (b) *Registered Notes*: Notices to the Holders of Registered Notes shall be sent to them by first class mail (or its equivalent) or (if posted to an overseas address) by airmail at their respective addresses on the Register or, if such publication is not practicable, in a leading English language daily newspaper having general circulation in Europe. Any such notice shall be deemed to have been given on the fourth day after the date of mailing.

21. Currency Indemnity

If any sum due from the relevant Issuer or the Guarantor in respect of the Notes or the Guarantee of the Notes or the Coupons or any order or judgment given or made in relation thereto has to be converted from the currency (the "**first currency**") in which the same is payable under these Conditions or such order or judgment into another currency (the "**second currency**") for the purpose of (a) making or filing a claim or proof against the relevant Issuer or the Guarantor, (b) obtaining an order or judgment in any court or other tribunal or (c) enforcing any order or judgment given or made in relation to the Notes or the Guarantee of the Notes, the relevant Issuer or, if applicable, the Guarantor shall indemnify each Noteholder, on the written demand of such Noteholder addressed to the relevant Issuer or, if applicable, the Guarantor and delivered to the relevant Issuer or, if applicable, the Guarantor, or to the Specified Office of the Fiscal Agent, against any loss suffered as a result of any discrepancy between (i) the rate of exchange used for such purpose to convert the sum in question from the first currency into the second currency and (ii) the rate or rates of exchange at which such Noteholder may in the ordinary course of business purchase the first currency with the second currency upon receipt of a sum paid to it in satisfaction, in whole or in part, of any such order, judgment, claim or proof.

This indemnity constitutes a separate and independent obligation of the relevant Issuer and the Guarantor and shall give rise to a separate and independent cause of action.

22. Rounding

For the purposes of any calculations referred to in these Conditions (unless otherwise specified in these Conditions or the relevant Final Terms), (a) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 per cent. being rounded up to 0.00001 per cent.), (b) all United States dollar amounts used in or resulting from such calculations will be rounded to the nearest cent (with one half cent being rounded up), (c) all Japanese Yen amounts used in or resulting from such calculations will be rounded downwards to the next lower whole Japanese Yen amount, and (d) all amounts denominated in any other currency used in or resulting from such calculations will be rounded to the nearest two decimal places in such currency, with 0.005 being rounded upwards.

- (b) *English courts:* The courts of England have exclusive jurisdiction to settle any dispute (a "**Dispute**") arising out of or in connection with the Notes (including any non-contractual obligation arising out of or in connection with the Notes).
- (c) *Appropriate forum:* The Issuers and the Guarantor agree that the courts of England are the most appropriate and convenient courts to settle any Dispute and, accordingly, that they will not argue to the contrary.
- (d) *Rights of the Noteholders to take proceedings outside England:* Notwithstanding Condition 23(b) (*English courts*), any Noteholder may take proceedings relating to a Dispute ("**Proceedings**") in any court of a Member State under the Brussels Ia Regulation (in accordance with Chapters II, Sections 1 and 2 thereof) or of a State that is a party to the Lugano II Convention (in accordance with Title II, sections 1 and 2 thereof). To the extent allowed by law, Noteholders may take concurrent Proceedings in any number of jurisdictions identified in this Condition 23 that are competent to hear those Proceedings.
- (e) *Service of process:* The Issuers and the Guarantor each agrees that the documents which start any Proceedings and any other documents required to be served in relation to those Proceedings may be served on them by being delivered to The Swedish Trade & Invest Council at Business Sweden, 5 Upper Montagu

Street, London W1H 2AG, United Kingdom or to such other person with an address in England or Wales and/or at such other address in England or Wales as the Issuers and the Guarantor may specify by notice in writing to the Noteholders. Nothing in this paragraph shall affect the right of any Noteholder to serve process in any other manner permitted by law. This Condition applies to Proceedings in England and to Proceedings elsewhere.

For the purposes of this Condition 23:

"Brussels Ia Regulation" means Regulation (EU) No 1215/2012 of the European Parliament and of the Council of 12 December 2012 on jurisdiction and the recognition and enforcement of judgments in civil and commercial matters, as amended; and

FORMS OF THE NOTES

Bearer Notes

Each Tranche of Notes in bearer form ("**Bearer Notes**") will initially be in the form of either a temporary global note in bearer form (the "**Temporary Global Note**"), without interest coupons, or a permanent global note in bearer form (the "**Permanent Global Note**"), without interest coupons, in each case as specified in the relevant Final Terms. Each Temporary Global Note or, as the case may be, Permanent Global Note (each a "**Global Note**") which is not intended to be issued in new global note ("**NGN**") form, as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a depositary or a common depositary for Euroclear Bank SA/NV as operator of the Euroclear System ("**Euroclear**") and/or Clearstream Banking S.A. ("**Clearstream, Luxembourg**") and/or any other relevant clearing system and each Global Note which is intended to be issued in NGN form, as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a common safekeeper (the "**Common Safekeeper**") for Euroclear and/or Clearstream, Luxembourg.

On 13 June 2006 the European Central Bank (the "**ECB**") announced that Notes in NGN form are in compliance with the "*Standards for the use of EU securities settlement systems in ESCB credit operations*" of the central banking system for the euro (the "**Eurosystem**"), **provided that** certain other criteria are fulfilled. At the same time the ECB also announced that arrangements for Notes in NGN form will be offered by Euroclear and Clearstream, Luxembourg as of 30 June 2006 and that debt securities in global bearer form issued through Euroclear and Clearstream, Luxembourg after 31 December 2006 will only be eligible as collateral for Eurosystem operations if the NGN form is used.

Where Global Notes issued in respect of any Tranche are in NGN form, the applicable Final Terms will also indicate whether such Global Notes are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Global Notes are to be so held does not necessarily mean that the Notes of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any times during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The Common Safekeeper for NGNs will either be Euroclear or Clearstream, Luxembourg or another entity approved by Euroclear and Clearstream, Luxembourg.

In the case of each Tranche of Bearer Notes, the relevant Final Terms will also specify whether United States Treasury Regulation §1.163-5(c)(2)(i)(C) (or any successor U.S. Treasury Regulation section including, without limitation, regulations issued in accordance with U.S. Internal Revenue Service Notice 2012-20 or otherwise in connection with the U.S. Hiring Incentives to Restore Employment Act of 2010) (the "**TEFRA C Rules**") or United States Treasury Regulation §1.163-5(c)(2)(i)(D) (or any successor U.S. Treasury Regulation section including, without limitation, regulations issued in accordance with U.S. Internal Revenue Service Notice 2012-20 or otherwise in connection with the U.S. Hiring Incentives to Restore Employment Act of 2010) (the "**TEFRA D Rules**") are applicable in relation to the Notes or, if the Notes do not have a maturity of more than 365 days, that neither the TEFRA C Rules nor the TEFRA D Rules are applicable.

Temporary Global Note exchangeable for Permanent Global Note

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for a Permanent Global Note", then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for interests in a Permanent Global Note, without interest coupons, not earlier than 40 days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. No payments will be made under the Temporary Global Note unless exchange for interests in the Permanent Global Note is improperly withheld or refused. In addition, interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever any interest in the Temporary Global Note is to be exchanged for an interest in a Permanent Global Note, the relevant Issuer shall procure (in the case of first exchange) the delivery of a Permanent Global Note to the bearer

of the Temporary Global Note or (in the case of any subsequent exchange) an increase in the principal amount of the Permanent Global Note in accordance with its terms against:

- (i) presentation and (in the case of final exchange) surrender of the Temporary Global Note to or to the order of the Fiscal Agent; and
- (ii) receipt by the Fiscal Agent of a certificate or certificates of non-U.S. beneficial ownership.

The principal amount of Notes represented by the Permanent Global Note shall be equal to the aggregate of the principal amounts specified in the certificates of non-U.S. beneficial ownership *provided, however*, that in no circumstances shall the principal amount of Notes represented by the Permanent Global Note exceed the initial principal amount of Notes represented by the Temporary Global Note.

If:

- (a) the Permanent Global Note has not been delivered or the principal amount thereof increased by 5.00 p.m. (London time) on the seventh day after the bearer of the Temporary Global Note has requested exchange of an interest in the Temporary Global Note for an interest in a Permanent Global Note; or
- (b) the Temporary Global Note (or any part thereof) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of the Temporary Global Note has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer of the Temporary Global Note in accordance with the terms of the Temporary Global Note on the due date for payment,

then the Temporary Global Note (including the obligation to deliver a Permanent Global Note) will become void at 5.00 p.m. (London time) on such seventh day (in the case of (a) above) or at 5.00 p.m. (London time) on such due date (in the case of (b) above) and the bearer of the Temporary Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Temporary Global Note or others may have under the Deed of Covenant).

The Permanent Global Note will become exchangeable, in whole but not in part only and at the request of the bearer of the Permanent Global Note, for Bearer Notes in definitive form ("**Definitive Notes**"):

- (a) on the expiry of such period of notice as may be specified in the Final Terms; or
- (b) at any time, if so specified in the Final Terms; or
- (c) if the Final Terms specifies "in the limited circumstances specified in the Permanent Global Note", then if either of the following events occurs:
 - (i) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business; or
 - (ii) any of the circumstances described in Condition 13 (*Events of Default*) occurs and the Notes become due and payable.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the relevant Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the Final Terms), in an aggregate principal amount equal to the principal amount of Notes represented by the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange.

If:

- (a) Definitive Notes have not been duly delivered by 5.00 p.m. (London time) on the thirtieth day after the bearer has requested exchange of the Permanent Global Note for Definitive Notes; or
- (b) the Permanent Global Note was originally issued in exchange for part only of a Temporary Global Note representing the Notes and such Temporary Global Note becomes void in accordance with its terms; or
- (c) the Permanent Global Note (or any part thereof) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of the Permanent Global Note has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer in accordance with the terms of the Permanent Global Note on the due date for payment,

then the Permanent Global Note (including the obligation to deliver Definitive Notes) will become void at 5.00 p.m. (London time) on such thirtieth day (in the case of (a) above) or at 5.00 p.m. (London time) on the date on which such Temporary Global Note becomes void (in the case of (b) above) or at 5.00 p.m. (London time) on such due date ((c) above) and the bearer of the Permanent Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Permanent Global Note or others may have under the Deed of Covenant).

Temporary Global Note exchangeable for Definitive Notes

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for Definitive Notes" and also specifies that the TEFRA C Rules are applicable or that neither the TEFRA C Rules or the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole but not in part, for Definitive Notes not earlier than 40 days after the issue date of the relevant Tranche of the Notes.

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for Definitive Notes" and also specifies that the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for Definitive Notes not earlier than 40 days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. Interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever the Temporary Global Note is to be exchanged for Definitive Notes, the relevant Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Temporary Global Note to the bearer of the Temporary Global Note against the surrender of the Temporary Global Note to or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange.

If:

- (a) Definitive Notes have not been duly delivered by 5.00 p.m. (London time) on the thirtieth day after the bearer has requested exchange of the Temporary Global Note for Definitive Notes; or
- (b) the Temporary Global Note (or any part thereof) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of the Temporary Global Note has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer in accordance with the terms of the Temporary Global Note on the due date for payment,

then the Temporary Global Note (including the obligation to deliver Definitive Notes) will become void at 5.00 p.m. (London time) on such thirtieth day (in the case of (a) above) or at 5.00 p.m. (London time) on such due date (in the case of (b) above) and the bearer of the Temporary Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Temporary Global Note or others may have under the Deed of Covenant).

Permanent Global Note exchangeable for Definitive Notes

If the relevant Final Terms specifies the form of Notes as being "Permanent Global Note exchangeable for Definitive Notes", then the Notes will initially be in the form of a Permanent Global Note which will be exchangeable in whole, but not in part, for Definitive Notes:

- (a) on the expiry of such period of notice as may be specified in the relevant Final Terms; or
- (b) at any time, if so specified in the relevant Final Terms; or
- (c) if the relevant Final Terms specifies "in the limited circumstances specified in the Permanent Global Note", then if either of the following events occurs:
 - (i) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business; or
 - (ii) any of the circumstances described in Condition 13 (*Events of Default*) occurs and the Notes become due and payable.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the relevant Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the Final Terms), in an aggregate principal amount equal to the principal amount of Notes represented by the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange.

If:

- (a) Definitive Notes have not been duly delivered by 5.00 p.m. (London time) on the thirtieth day after the bearer has requested exchange of the Permanent Global Note for Definitive Notes; or
- (b) the Permanent Global Note (or any part thereof) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of the Permanent Global Note has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer in accordance with the terms of the Permanent Global Note on the due date for payment,

then the Permanent Global Note (including the obligation to deliver Definitive Notes) will become void at 5.00 p.m. (London time) on such thirtieth day (in the case of (a) above) or at 5.00 p.m. (London time) on such due date ((b) above) and the bearer of the Permanent Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Permanent Global Note or others may have under the Deed of Covenant).

Rights under Deed of Covenant

Under the Deed of Covenant, persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Temporary Global Note or a Permanent Global Note which becomes void will acquire directly against the relevant Issuer all those rights to which they would have

been entitled if, immediately before the Temporary Global Note or Permanent Global Note became void, they had been the holders of Definitive Notes in an aggregate principal amount equal to the principal amount of Notes they were shown as holding in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

Terms and Conditions applicable to the Notes

The terms and conditions applicable to any Definitive Note will be endorsed on that Note and will consist of the terms and conditions set out under "*Terms and Conditions of the Notes*" below and the provisions of the relevant Final Terms which complete those terms and conditions.

The terms and conditions applicable to any Note in global form will differ from those terms and conditions which would apply to the Note were it in definitive form to the extent described under "*Summary of Provisions Relating to the Notes while in Global Form*" below.

Legend concerning United States persons

In the case of any Tranche of Bearer Notes (other than Temporary Global Notes) and any Coupons and Talons appertaining thereto will bear a legend to the following effect:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(J) AND 1287(A) OF THE INTERNAL REVENUE CODE OF 1986, AS AMENDED."

Registered Notes

Each Tranche of Registered Notes will be in the form of either individual Note Certificates in registered form ("**Individual Note Certificates**") or a global Note in registered form (a "**Global Registered Note**"), in each case as specified in the relevant Final Terms.

In a press release dated 22 October 2008, "*Evolution of the custody arrangement for international debt securities and their eligibility in Eurosystem credit operations*", the ECB announced that it has assessed the new holding structure and custody arrangements for registered notes which the ICSDs had designed in cooperation with market participants and that Notes to be held under the new structure (the "**New Safekeeping Structure**" or "**NSS**") would be in compliance with the "*Standards for the use of EU securities settlement systems in ESCB credit operations*" of the central banking system for the euro (the "**Eurosystem**"), subject to the conclusion of the necessary legal and contractual arrangements. The press release also stated that the new arrangements for Notes to be held in NSS form will be offered by Euroclear and Clearstream, Luxembourg as of 30 June 2010 and that registered debt securities in global registered form issued through Euroclear and Clearstream, Luxembourg after 30 September 2010 will only be eligible as collateral in Eurosystem operations if the New Safekeeping Structure is used.

The relevant Final Terms will indicate whether such Registered Notes are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Registered Notes are to be so held does not necessarily mean that the Registered Notes of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any times during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria.

Each Global Registered Note will either be: (a) in the case of a Note which is not to be held under the new safekeeping structure ("**New Safekeeping Structure**" or "**NSS**"), registered in the name of a common depository (or its nominee) for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and the relevant Global Registered Note will be deposited on or about the issue date with the common depository and will be exchangeable in accordance with its terms; or (b) in the case of a Note to be held under the New Safekeeping Structure, be registered in the name of a common safekeeper (or its nominee) for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and the relevant Global Registered Note will be deposited

on or about the issue date with the common safekeeper for Euroclear and/or Clearstream, Luxembourg and will be exchangeable for Individual Note Certificates in accordance with its terms.

If the relevant Final Terms specifies the form of Notes as being "Individual Note Certificates", then the Notes will at all times be in the form of Individual Note Certificates issued to each Noteholder in respect of their respective holdings.

If the relevant Final Terms specifies the form of Notes as being "Global Registered Note exchangeable for Individual Note Certificates", then the Notes will initially be in the form of a Global Registered Note which will be exchangeable in whole, but not in part, for Individual Note Certificates:

- (a) on the expiry of such period of notice as may be specified in the relevant Final Terms; or
- (b) at any time, if so specified in the relevant Final Terms; or
- (c) if the relevant Final Terms specifies "in the limited circumstances described in the Global Registered Note", then if either of the following events occurs:
 - (i) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business or
 - (ii) any of the circumstances described in Condition 13 (*Events of Default*) occurs and the Notes become due and payable.

Whenever the Global Registered Note is to be exchanged for Individual Note Certificates, the relevant Issuer shall procure that Individual Note Certificates will be issued in an aggregate principal amount equal to the principal amount of the Global Registered Note within five business days of the delivery, by or on behalf of the registered holder of the Global Registered Note to the Registrar of such information as is required to complete and deliver such Individual Note Certificates (including, without limitation, the names and addresses of the persons in whose names the Individual Note Certificates are to be registered and the principal amount of each such person's holding) against the surrender of the Global Registered Note at the specified office of the Registrar.

Such exchange will be effected in accordance with the provisions of the Agency Agreement and the regulations concerning the transfer and registration of Notes scheduled thereto and, in particular, shall be effected without charge to any holder, but against such indemnity as the Registrar may require in respect of any tax or other duty of whatsoever nature which may be levied or imposed in connection with such exchange.

If:

- (a) Individual Note Certificates have not been delivered by 5.00 p.m. (London time) on the thirtieth day after they are due to be issued and delivered in accordance with the terms of the Global Registered Note; or
- (b) any of the Notes represented by a Global Registered Note (or any part of it) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of the Notes has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the holder of the Global Registered Note in accordance with the terms of the Global Registered Note on the due date for payment,

then the Global Registered Note (including the obligation to deliver Individual Note Certificates) will become void at 5.00 p.m. (London time) on such thirtieth day (in the case of (a) above) or at 5.00 p.m. (London time) on such due date (in the case of (b) above) and the holder of the Global Registered Note will have no further rights thereunder (but without prejudice to the rights which the holder of the Global Registered Note or others may have under the Deed of Covenant). Under the Deed of Covenant, persons shown in the records of Euroclear and/or Clearstream,

Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Global Registered Note will acquire directly against the relevant Issuer all those rights to which they would have been entitled if, immediately before the Global Registered Note became void, they had been the holders of Individual Note Certificates in an aggregate principal amount equal to the principal amount of Notes they were shown as holding in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

Terms and Conditions applicable to the Notes

The terms and conditions applicable to any Individual Note Certificate will be endorsed on that Individual Note Certificate and will consist of the terms and conditions set out under "*Terms and Conditions of the Notes*" below and the provisions of the relevant Final Terms which complete those terms and conditions.

The terms and conditions applicable to any Global Registered Note will differ from those terms and conditions which would apply to the Note were it in definitive form to the extent described under "*Summary of Provisions Relating to the Notes while in Global Form*" below.

SUMMARY OF PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

Clearing System Accountholders

In relation to any Tranche of Notes represented by a Global Note in bearer form, references in the Terms and Conditions of the Notes to "Noteholder" are references to the bearer of the relevant Global Note which, for so long as the Global Note is held by a depositary or a common depositary, in the case of a CGN, or a common safekeeper, in the case of an NGN for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, will be that depositary or common depositary or, as the case may be, common safekeeper.

In relation to any Tranche of Notes represented by a Global Registered Note, references in the Terms and Conditions of the Notes to "Noteholder" are references to the person in whose name such Global Registered Note is for the time being registered in the Register which, for so long as the Global Registered Note is held by or on behalf of a depositary or a common depositary or common safekeeper or nominee for that depositary, common depositary or common safekeeper for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, will be that depositary or common depositary or common safekeeper or a nominee for that depositary or common depositary or common safekeeper.

Each of the persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Global Note or a Global Registered Note (each an "**Accountholder**") must look solely to Euroclear and/or Clearstream, Luxembourg and/or such other relevant clearing system (as the case may be) for such Accountholder's share of each payment made by the relevant Issuer to the holder of such Global Note or Global Registered Note and in relation to all other rights arising under such Global Note or Global Registered Note. The extent to which, and the manner in which, Accountholders may exercise any rights arising under the Global Note or Global Registered Note will be determined by the respective rules and procedures of Euroclear and Clearstream, Luxembourg and any other relevant clearing system from time to time. For so long as the relevant Notes are represented by a Global Note or Global Registered Note, Accountholders shall have no claim directly against the relevant Issuer in respect of payments due under the Notes and such obligations of the relevant Issuer will be discharged by payment to the holder of such Global Note or Global Registered Note.

Conditions applicable to Global Notes

Each Global Note and Global Registered Note will contain provisions which modify the Terms and Conditions of the Notes as they apply to the Global Note or Global Registered Note. The following is a summary of certain of those provisions which will be appended to the back of the relevant Global Note:

Payments: All payments in respect of the Global Note or Global Registered Note which, according to the Terms and Conditions of the Notes, require presentation and/or surrender of a Note, Note Certificate or Coupon will be made against presentation and (in the case of payment of principal in full with all interest accrued thereon) surrender of the Global Note or Global Registered Note to or to the order of any Paying Agent and will be effective to satisfy and discharge the corresponding liabilities of the relevant Issuer in respect of the Notes. On each occasion on which a payment of principal or interest is made in respect of the Global Note, the relevant Issuer shall procure that in respect of a CGN the payment is noted in a schedule thereto and in respect of an NGN the payment is entered pro rata in the records of Euroclear and Clearstream, Luxembourg.

Calculation of interest: the calculation of any interest amount in respect of any Note which is represented by a Global Note or Global Registered Note will be calculated on the aggregate outstanding principal amount of the Notes represented by such Global Note or Global Registered Note, as the case may be, and not by reference to the Calculation Amount.

Payment Business Day: In the case of a Global Note, or a Global Registered Note, shall be, if the currency of payment is euro, any day which is a TARGET Settlement Day and a day on which dealings in foreign currencies may be carried on in each (if any) Additional Financial Centre; or, if the currency of payment is not euro, any day

which is a day on which dealings in foreign currencies may be carried on in the Principal Financial Centre of the currency of payment and in each (if any) Additional Financial Centre.

Payment Record Date: Each payment in respect of a Global Registered Note will be made to the person shown as the Holder in the Register at the close of business (in the relevant clearing system) on the Clearing System Business Day before the due date for such payment (the "**Record Date**") where "**Clearing System Business Day**" means a day on which each clearing system for which the Global Registered Note is being held is open for business.

Exercise of put option: In order to exercise the option contained in Condition 9(e) (*Redemption and Purchase - Redemption at the option of Noteholders*) the bearer of the Permanent Global Note or the holder of a Global Registered Note must, within the period specified in the Conditions for the deposit of the relevant Note and put notice, give written notice of such exercise to the Fiscal Agent specifying the principal amount of Notes in respect of which such option is being exercised. Any such notice will be irrevocable and may not be withdrawn.

Partial exercise of call option: In connection with an exercise of the option contained in Condition 9(c) (*Redemption and Purchase - Redemption at the option of the Relevant Issuer*) in relation to some only of the Notes, the Permanent Global Note or Global Registered Note may be redeemed in part in the principal amount specified by the relevant Issuer in accordance with the Conditions and the Notes to be redeemed will not be selected as provided in the Conditions but in accordance with the rules and procedures of Euroclear and Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in principal amount, at their discretion).

In the case of a partial redemption of Notes, the Notes to be redeemed ("**Redeemed Notes**") will be selected individually by lot, in the case of Redeemed Notes represented by definitive Notes, and in accordance with the rules of Euroclear and/or Clearstream, Luxembourg, (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in principal amount, at their discretion) in the case of Redeemed Notes represented by a Global Note, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the "**Selection Date**"). No exchange of the relevant Global Note will be permitted during the period from (and including) the Selection Date to (and including) the date fixed for redemption pursuant to Condition 9(c) (*Redemption and Purchase - Redemption at the option of the Relevant Issuer*) and notice to that effect shall be given by the relevant Issuer to the Noteholders in accordance with Condition 20 (*Notices*) at least five days prior to the Selection Date.

Notices: Notwithstanding Condition 20 (*Notices*), while all the Notes are represented by a Permanent Global Note (or by a Permanent Global Note and/or a Temporary Global Note) or a Global Registered Note and the Permanent Global Note is (or the Permanent Global Note and/or the Temporary Global Note are), or the Global Registered Note is, deposited with a depositary or a common depositary for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system or a common safekeeper, notices to Noteholders may be given by delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and, in any case, such notices shall be deemed to have been given to the Noteholders in accordance with Condition 20 (*Notices*) on the date of delivery to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

Electronic Consent and Written Resolution: While any Global Note or Global Registered Note is held on behalf of Clearstream, Luxembourg, Euroclear or any other relevant clearing system, then:

- (a) approval of a resolution proposed by the relevant Issuer given by way of electronic consents communicated through the electronic communications systems of the relevant clearing system(s) in accordance with their operating rules and procedures by or on behalf of the holders of not less than three-quarters in aggregate principal amount of the Notes outstanding (an "**Electronic Consent**" as defined in the Agency Agreement) shall, for all purposes (including matters that would otherwise require an Extraordinary Resolution to be passed at a meeting for which a special quorum was satisfied), take effect as an Extraordinary Resolution passed at a meeting of Noteholders duly convened and held, and shall be binding on all Noteholders and holders of Coupons and Talons whether or not they participated in such Electronic Consent or voted in a manner contrary to the majority; and

- (b) where Electronic Consent is not being sought, for the purpose of determining whether a Written Resolution (as defined in the Agency Agreement) has been validly passed, the relevant Issuer and the Fiscal Agent shall be entitled to rely on consent or instructions given in writing directly to the relevant Issuer or the Fiscal Agent by (a) accountholders in the clearing system with entitlements to such Global Note or a Global Registered Note and/or, where (b) the accountholders hold any such entitlement on behalf of another person, on written consent from or written instruction by the person identified by that accountholder as the person for whom such entitlement is held. For the purpose of establishing the entitlement to give any such consent or instruction, the relevant Issuer and the Fiscal Agent shall be entitled to rely on any certificate or other document issued by, in the case of (a) above, Euroclear, Clearstream, Luxembourg or any other relevant alternative clearing system (the "**relevant clearing system**") and, in the case of (b) above, the relevant clearing system and the accountholder identified by the relevant clearing system for the purposes of (b) above. Any resolution passed in such manner shall be binding on all Noteholders, even if the relevant consent or instruction proves to be defective. Any such certificate or other document shall, in the absence of manifest error, be conclusive and binding for all purposes. Any such certificate or other document may comprise any form of statement or print out of electronic records provided by the relevant clearing system (including Euroclear's EUCLID or EasyWay or Clearstream, Luxembourg's CreationOnline or Xact Web Portal system) in accordance with its usual procedures and in which the accountholder of a particular principal or principal amount of the Notes is clearly identified together with the amount of such holding. Neither the relevant Issuer nor the Fiscal Agent shall be liable to any person by reason of having accepted as valid or not having rejected any certificate or other document to such effect purporting to be issued by any such person and subsequently found to be forged or not authentic.

USE OF PROCEEDS

The relevant Issuer intends to apply the net proceeds from each issue of Notes for its general corporate purposes, unless otherwise specified in the applicable Final Terms.

In particular, if so specified in the applicable Final Terms, the relevant Issuer intends to apply an amount equal to the net proceeds from such issue of Notes specifically to finance or refinance, in whole or in part, Eligible Projects and Assets. Such Notes may also be referred to as "**Green Bonds**" (where the Eligible Projects and Assets meet the Green Criteria set out in the Framework), "**Sustainability Bonds**" (where the Eligible Projects and Assets meet the Green Criteria and the Social Criteria set out in the Framework) or "**Social Bonds**" (where the Eligible Projects and Assets meet the Social Criteria set out in the Framework), as the case may be. For the avoidance of doubt, such Notes are not issued as European Green Bonds in accordance with Regulation 2023/2631 (the "**EuGB Regulation**").

Eligible Projects and Assets have been (or will be, as the case may be) selected by Hemsö from time to time in accordance with the categorisation of eligibility for Green Bonds, Sustainability Bonds and Social Bonds set out in the Framework which sets out the added environmental criteria required for such issuances (the "**Sustainability Bond Terms**"). Hemsö may amend or update the Framework in the future. The Framework, including any changes thereto, will be available for viewing on Hemsö's website at: <https://www.hemsoe.com/investors/financing/sustainable-bonds/> but, for the avoidance of doubt, is not incorporated in and does not form part of this Base Prospectus.

Sustainalytics (an independent provider of environmental, social and governance research, ratings, and analysis) has evaluated the Framework and has issued the Second Party Opinion to confirm the alignment of the Sustainability Bond Terms with the core components of the Green Bond Principles, the Social Bond Principles and the Sustainability Bond Guidelines, as well as current best market practice. The Second Party Opinion is publicly available on Hemsö's website but, for the avoidance of doubt, is not incorporated in and does not form part of this Base Prospectus.

Hemsö has established a Sustainable Financing Committee consisting of members from the treasury and sustainability departments to nominate and select Eligible Projects and Assets (which must comply with the Sustainability Bond Terms, applicable law and regulation as well as Hemsö's internal policies and guidelines). An amount equal to the net proceeds of any Green Bonds, Social Bonds or Sustainability Bonds will be separately identified within Hemsö's treasury department and amounts identified will form an earmarked portfolio within Hemsö's internal systems. As long as Green Bonds, Social Bonds or Sustainable Bonds are outstanding and the earmarked portfolio has a positive balance, funds may be deducted from the earmarked portfolio and added to Hemsö's lending pool in an amount up to all disbursements from that pool made in respect of Eligible Projects and Assets. Hemsö's Group Treasury team is responsible for tracking funds and allocation of proceeds. If for any reason an Eligible Project or Asset ceases to comply with the requirements set out in the Framework, such project will be removed from the portfolio of Eligible Projects and Assets. The Framework provides that any proceeds of Green Bonds, Sustainability Bonds and Social Bonds that are not yet allocated to Eligible Projects and Assets will be placed in Hemsö's liquidity reserves and managed as such.

Hemsö will prepare a Sustainable Finance Investor Report on an annual basis. The report will cover information both on the allocation of proceeds and on the output and impacts achieved (where feasible and relevant data information is available). Hemsö has appointed an external independent auditor to annually perform a limited assurance on the selection process for the financing of Eligible Projects and Assets and that the allocation of the net proceeds for such Notes is carried out in accordance with the Framework.

No assurance or representation is given as to the suitability or reliability for any purpose whatsoever of the Second Party Opinion or any opinion, report, post-issuance report or certification of any third party (whether or not solicited by Hemsö) which may be made available in connection with the issue of any Green Bonds, Sustainability Bonds or Social Bonds and in particular with any Eligible Projects and Assets to fulfil any environmental, sustainability, social and/or other criteria. The Second Party Opinion and any other such opinion, report, post-issuance report or certification is not intended to address any credit, market or other aspects of any investment in any Note, including

without limitation market price, marketability, investor preference or suitability of any security or any other factors that may affect the value of the Notes. The Second Party Opinion and any other opinion, report, post-issuance report or certification is not a recommendation to buy, sell or hold any such Notes and is current only as of the date it was initially issued. The criteria and/or considerations that formed the basis of the Second Party Opinion and any other such opinion, report, post-issuance report or certification may change at any time and the Second Party Opinion may be amended, updated, supplemented, replaced and/or withdrawn. Any withdrawal of any such opinion, report, post-issuance report or certification may have a material adverse effect on the value of any Green Bonds, Sustainability Bonds or Social Bonds in respect of which such opinion, or certification is given and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose. As at the date of this Base Prospectus, the providers of such opinions, reports, post-issuance reports and certifications are not subject to any specific regulatory or other regime or oversight. Prospective investors in any Green Bonds, Sustainability Bonds or Social Bonds must determine for themselves the relevance of any such opinion, report, post-issuance report or certification and/or the information contained therein.

See further information under the risk factors above headed, *"Risk Factors – Notes issued as Green Bonds, Sustainability Bonds or Social Bonds with a specific use of proceeds, may not meet investor expectations or requirements"*, *"Risk Factors – No assurance of suitability or reliability of any Second Party Opinion or any other opinion, report, post-issuance report or certification of any third party relating to any Green Bonds, Sustainability Bonds or Social Bonds"*, *"Risk Factors – No assurance that Green Bonds, Sustainability Bonds or Social Bonds will be admitted to trading on any dedicated "green", "sustainable", "social" (or similar) segment of any stock exchange or market, or that any admission obtained will be maintained"* and *"Risk Factors – Green Bonds, Sustainability Bonds and Social Bonds are not linked to the performance of the Eligible Projects and Assets, do not benefit from any arrangements to enhance the performance of the Notes or any contractual rights derived solely from the intended use of proceeds of such Notes"*.

Any additional information related to the use of proceeds will be set out in the applicable Final Terms.

DESCRIPTION OF HEMSÖ FASTIGHETS AB

General

Hemsö Fastighets AB (together with its consolidated subsidiaries (including 50 per cent. owned joint ventures) taken as a whole from time to time, the "**Group**" or "**Hemsö**") is incorporated as a limited liability company under the laws of the Kingdom of Sweden (Sweden) pursuant to the Swedish Companies Act (*Sw. aktiebolagslagen 2005:551*) and registered in Sweden with registration number 556779-8169. Hemsö strives to be the backbone of society by sustainably owning, managing and developing properties for public use ("**Social Infrastructure**") within the nursing home, education, healthcare and justice system. Its primary strategy is to have a presence in growth regions in which there is strong long-term demand for properties for public use and to engage in effective and sustainable management. Hemsö was one of the first Swedish companies to focus on properties for public use in Sweden and, over the course of 20 years, has strengthened its position as market leader by developing its existing portfolio and through acquisitions and project development. As a result of strategic acquisitions and divestments, efficient property management and an established project development organisation, today Hemsö is Sweden's leading owner of properties for public use¹. In addition, Hemsö has established operations in Finland and Germany.

65 per cent. of Hemsö's portfolio by market value is located in Sweden, 17 per cent. in Germany and 18 per cent. in Finland. As at 30 September 2025, the market value of Hemsö's property portfolio, recognised as investment properties in the Group's condensed consolidated financial statements, amounted to SEK 86.9 billion (compared to SEK 85.6 billion as at 30 September 2024) with a lettable area of 2,459,000m² (compared with 2,470,000m² as at 30 September 2024). 61 per cent. (61 per cent. as at 30 September 2024) of rental income is derived from public sector tenants such as the State, municipalities, and county councils. The remainder is derived predominantly from private tenants who conduct publicly funded activities.

Contracted rent per customer category

The business operations of Hemsö started in 2001 when the first properties for public use were acquired under Kungsleden AB (publ)'s ("**Kungsleden**") management. Hemsö Fastighets AB became an independent company

when it was incorporated under the laws of the Kingdom of Sweden as a public limited liability company (*publikt aktiebolag*) on 13 January 2009. It was registered with the Swedish Companies Registration Office (*Bolagsverket*) on 23 March 2009 (with corporate identity number 556779-8169) and has been conducting operations since then in accordance with the Swedish Companies Act (2005:551). Hemsö's registered office and domicile is at Box 24 281, SE-104 51 Stockholm, Sweden, with telephone number +46 8501 170 00. Since 2013, Hemsö has been owned by the Third Swedish National Pension Fund ("**AP3**") (70 per cent.) and Hemsö Intressenter AB¹² (30 per cent.). To the best of Hemsö's knowledge, the rights of AP3 and Hemsö Intressenter AB as the shareholders of Hemsö are contained in Hemsö's articles of association and Hemsö will be managed in accordance with those articles and with the provisions of Swedish law.

Legal Structure

The following table represents the ownership structure of Hemsö:

AP3 is a Government authority and is one of five so-called buffer funds within the Swedish national pension system. Hemsö is classified as an alternative investment by AP3. Christina Lindenius is the Chairman of the board of AP3. Staffan Hansén, CEO of AP3, is a member of Hemsö's board. AB Sagax is a property company listed on the regulated market of Nasdaq Stockholm and owns commercial properties, primarily in the warehouse and light industrial sector, mainly in Sweden and Finland. David Mindus, board member and Managing Director of AB Sagax, is also on Hemsö's board.

History

2001 – 2011

In 2001, as part of its aim to generate a high and stable yield, Kungsleden acquired properties with long leases within the nursing home sector. In 2005, Kungsleden increased its focus on properties with public sector activities, by expanding to include business areas such as healthcare, schools and the justice system. In 2006, Kungsleden established operations in the German market through the acquisition of nine nursing homes, thereby increasing Hemsö's geographic diversification.

AP3 agreed in 2008 to acquire 50 per cent. of Kungsleden's portfolio of properties for public use in Sweden. In 2009 Hemsö was formed and AP3 became an owner of Hemsö. The establishment of Hemsö as an independent operational company with its own management team was completed in 2011 and the head office relocated to a separate address in Stockholm. During 2011, Hemsö acquired 17 properties from Kungsleden in Germany with a combined property value of SEK 1.3 billion.

² Hemsö Intressenter AB is, in turn, owned in equal shares by AP3 and AB Sagax (publ).

2012

In 2012, Hemsö continued to grow the value of its property portfolio and made a number of acquisitions and some minor divestments. Hemsö also issued its first bond in May 2012, which was issued on the Swedish market (an unsecured three-year bond of SEK 750 million). At the end of 2012, AP3 signed an agreement with Kungsleden to acquire the remaining 50 per cent. of the shares in Hemsö.

2013

Hemsö made its first acquisition in the Finnish market in 2013. In order to broaden the supply of capital and secure financing needs over time, Hemsö established a programme for the issuance of commercial paper with a programme limit of SEK 2.0 billion as well as a Swedish MTN programme with a programme limit of SEK 6.0 billion. AB Sagax (a listed Swedish real estate company) acquired a 50 per cent. stake in Hemsö Intressenter AB which, in turn, owns 30 per cent. of Hemsö.

2014

In 2014, Hemsö acquired 33 properties and sold 68 properties. Through these transactions, Hemsö concentrated its property portfolio in growth regions and created more efficient management units. Properties which were not in line with Hemsö's strategy in terms of location, category and potential were sold. High quality properties primarily within the education, health care and justice system were acquired. Hemsö's property portfolio was expanded with a major investment in research and education facilities next to Karolinska Universitetssjukhuset in Huddinge. Further properties were added to the portfolio in Germany and Finland.

2015

In March 2015, Hemsö obtained a credit rating of 'A-' from S&P. During the year, Hemsö repaid its shareholder loan with a nominal value of SEK 3.0 billion by means of a rights issue which did not affect Hemsö's ownership structure. In June, Hemsö and SveaNor established a jointly owned project development company called Vitartes, with a focus on Health Care properties and a potential project volume of approximately SEK 4 billion. During the third quarter, Hemsö decided to include sustainability as a core business focus.

2016

In May 2016 Hemsö issued its first Sustainability Bond. In August 2016 Hemsö established an EMTN programme with a limit of EUR 3.0 billion. In September 2016 the first bond was issued under the programme into the European market. As at 31 December 2016, Hemsö's property portfolio comprised 356 properties with a total property value of SEK 33.6 billion. During 2016 Hemsö appointed Nils Styf as CEO and Rutger Källén as CFO.

2017

During the second quarter of 2017 Hemsö issued euro bonds of EUR 385 million with maturities between 12 to 15 years. In June Hemsö was named "Investor of the Year" at the annual nursing and elderly care trade fair Altenheim Expo 2017 in Germany. In August 2017 Hemsö acquired an environmental and research centre in Duisburgh, Germany. As at 31 December 2017, Hemsö's property portfolio comprised 346 properties with a total property value of SEK 38.9 billion.

2018

In March 2018, Hemsö acquired three university properties in central Helsinki. The tenant is the University of Arts which signed a new long-term lease agreement. The total investment volume, including renovation was SEK 800 million. In July 2018 Hemsö signed an unsecured SEK 3 billion loan agreement with European Investment Bank ("EIB"). Hemsö will use the long-term (up to 25 years) financing facility to build healthcare and research infrastructure, elderly care homes and educational facilities, all to nearly-zero-energy-building ("NZEB") standards.

In December, Hemsö purchased the Helsinki Court House for approximately EUR 200 million. The largest tenant is the Finnish state. The total leasable area is nearly 50,000m² and the remaining lease term is 12 years. As at 31 December 2018, Hemsö's property portfolio comprised 365 properties with a total property value of SEK 46.2 billion.

2019

Hemsö signed an agreement during the year for 11 new production projects in Sweden, Finland and Germany. The volume of investment for these projects amounts to SEK 2.2 billion, with annual rental income of SEK 135 million, a rental duration of 19 years and where the Swedish Government, county councils and municipalities account for 80 per cent. of rental income. The completed and newly subscribed projects consist of nursing homes, kindergartens, primary schools, colleges and rescue centres. They include 3,300 school places, 5,000 college places and 900 nursing home places. Hemsö sees a great opportunity in contributing to the creation of the social infrastructure needed in the future. Business Model and Strategy

Hemsö owns, manages and develops properties for public use in an economically, socially and environmentally sustainable manner. Premises are let primarily for activities within the nursing homes, education, health care and justice system. The strategy is to maintain a diversified property portfolio in terms of category, tenant structure and geographic market. Accordingly, Hemsö currently has operations in Sweden, Finland and Germany in each case in areas that are considered to possess long-term growth prospects. Within each region, the properties are geographically concentrated in order to promote efficient management. Hemsö's tenants consist primarily of the

Government, county councils and municipalities, but to a certain extent also private operators who conduct publicly-financed activities. The tenants' activities impose specific demands as regards premises, external areas and management. Accessibility, user-friendliness for the disabled, security, suitability for a pupil/student base and public authority requirements are some of the key requirements. In addition to acquisitions, Hemsö creates growth by project development, both by developing new-build properties and within the existing property portfolio. Hemsö aims to ensure that its project development business is characterised by:

- lease agreements being in place for a substantial part of each new development prior to the commencement of each project;
- long leases;
- sustainable production and sustainable end products; and
- fixed-price turnkey projects.

In order to create favourable opportunities for acquisitions and developments, Hemsö promotes good relations with municipalities, county councils as well as private sector and governmental operators. Hemsö is an independent company and therefore has to go through procurement and tender processes in respect of such acquisitions and developments. Maintaining good relationships with regular counterparties is essential to the success and development of Hemsö.

To clarify Hemsö's strategy, Hemsö has four real estate frameworks. The frameworks aim to ensure that the risk in the property portfolio is low and that Hemsö's cash flow is stable over time.

Public-sector tenants

– At least 50 per cent. of rental income

Nursing homes

– At least 30 per cent. of rental income

Metropolitan areas and large cities

– At least 75 per cent. of rental income

Lease duration

– At least 7 years

Asset management

Hemsö's asset management focuses on efficiency, sustainability and customising the needs of the tenants. Hemsö works in close cooperation with its tenants to understand their future needs and requirements and consequently Hemsö's management believes that it has a good general knowledge and understanding of its customers' businesses. The properties are concentrated in certain geographical areas in order to create efficient management. Hemsö's tenants engage in long-term activities with long leases, a factor which facilitates sustainable management and efficient use of resources.

Hemsö has a clear focus on development and continually improving efficiency in order to exploit the economies of scale available to a company of its size. Management in Sweden is organised into four regions: East, Central, North and South. Customer relations and property development are handled locally by each regional team. In addition, Hemsö has country managers in Finland and Germany whose role also covers asset management for those countries. Contact with tenants is handled locally by the managers and responsible personnel in each region/country. In addition, Hemsö has customer account managers with specific responsibility for larger tenants in Sweden, such as the Swedish Police, Region Stockholm, Academedia, Attendo and Wellbeing Services County of Southwest Finland.

Hemsö places great importance on keeping vacancy levels as low as possible. The occupancy rate as at 30 September 2025 was 97.9 per cent. (97.6 per cent. as at 30 September 2024). The majority of Hemsö's leases include a provision for rent increases based on changes in the Swedish CPI in addition to base rents (i.e. such leases are wholly or partially linked to inflation). Given that Hemsö's leases are usually signed with a duration of 10-20 years (the average remaining lease term was 8.9 years as at 30 September 2025) and there is a low vacancy rate amongst Hemsö's properties, combined with the fact that Hemsö's tenants have high credit ratings, this has ensured historically high and stable rental income and minimal bad debt losses.

Project development

Hemsö engages in project development by working closely with the Swedish Government, county councils and municipalities in order to identify and seize project development opportunities at an early stage. Many Swedish municipalities have an ageing property portfolio, with the consequence that there is a need for new properties and refurbishment of existing properties.

In order to meet the on-going needs of tenants and ensure that the property portfolio is well maintained and retains its value over time, Hemsö regularly refurbishes and builds extensions to its existing portfolio.

Hemsö has an in-house project development organisation in each Swedish region responsible for project development. Hemsö also maintains relationships with municipalities and county councils in order to identify new project opportunities at an early stage. Project development takes place in-house or together with partner companies. Project risks are minimised by the fact that Hemsö will only commence a project once leases are largely secured for it. The projects are often carried out pursuant to fixed price agreements to ensure greater cost control, or with target price incentives depending on how difficult the projects are. In addition, to the extent required, project development in Germany and Finland is handled locally.

Transaction activities

As a consequence of a growing and ageing population, there is strong demand for properties for public use in Sweden. The Swedish rental and transaction market for properties for public use is mature and the concept of properties for public use being privately owned is well-established. Hemsö is acknowledged in the property market and has established good relations with the Swedish Government, municipalities, county councils as well as private operators.

Municipalities have overall responsibility to provide certain public services, including care for the elderly and education for the young. As many of Hemsö's properties are tailored to the provision of such services, default by a tenant that is a private operator in respect of these is likely to lead to another private operator or the relevant municipality taking over such private operator's obligations under the relevant lease.

Hemsö has its own transaction management team which supervises acquisitions and divestments and involves the local management teams as required. Transactions concerning properties for public use involve processes to secure political support and entail a complicated regulatory regime, which may result in relatively lengthy processes. Agreements concerning acquisitions and divestments are often of a standardised nature and usually contain customary warranties.

The Finnish market for properties for public use is structurally similar to the Swedish market, however it is less mature and exhibits lower market liquidity. Germany, on the other hand, has a very large property market for nursing homes owned by a large number of smaller property owners. The German market for nursing home properties is thus relatively fragmented and characterised by high transaction costs. In recent years, Hemsö has expanded its presence in Germany's market for education properties, as private companies have become more involved in property development in this market. Hemsö has built significant expertise in both the Finnish and the German markets which it leverages in connection with acquisitions and more recently also through property development activities.

Competition

Competition in the transaction market for properties for public use has increased since Hemsö was first established where both larger institutions and newly established companies, developers and real estate funds compete. Hemsö's long-term perspective, knowledge, geographical coverage and experience has given Hemsö advantages to be able to invest in high quality properties for the long-term or grow the portfolio through property development.

Sustainability

Sustainability is integrated into Hemsö's operations and is based on Hemsö's sustainability policy, which contains overall standpoints on how Hemsö's operations should be developed in relation to environmental, social and economic sustainability. Sustainability management is also governed by several other guidelines, procedures and instructions regarding, for example, occupational health and safety, choice of materials and waste. The objective is that sustainability will be fully integrated with business management and planning. Hemsö's focus in this respect entails the following:

- Social sustainability – conducting operations with respect for the health, rights and welfare of other people and, through Hemsö's operations, working towards a society and workplace based on these principles.
- Environmental sustainability – carrying out projects and operations that improve energy efficiency and reduce energy consumption; increasing the share of renewable energy and the number of environmentally certified buildings respectively.
- Economic sustainability – generating profitability and economic growth within the framework of social and environmental sustainability described above.

Hemsö's targets with respect to sustainability include, amongst other things, the following:

- the Swedish property portfolio (like-for-like portfolio) to be 3 per cent. more energy efficient each year;

- all new buildings will be environmentally certified as Silver standard or higher according to Miljöbyggnad³ or similar level or higher from a comparable certification system (LEED⁴, BREEAM⁵, DGNB⁶ or Svanen⁷);
- 100 per cent. fossil-fuel free energy usage and net-zero carbon dioxide emissions target by 2040 that includes all the three scopes;
- survey climate related risks on Hemsö's properties and undertake necessary measures to avoid negative consequences of these risks;
- reduce the total climate influence that occurs for new development and major renovations;
- promote the development of climate smart and sustainable buildings by investing in new technological solutions and innovations in both new developments and existing property portfolio; and
- be climate neutral with regards to business travels.

Financing and capital structure

The overall objective of Hemsö's financial risk management is to maintain a stable capital structure and to optimise the financial position within the given risk framework set under its financial policy described below. Hemsö is financed with both shareholders' equity and external debt financing. Hemsö's external borrowing includes both bank facilities and capital markets funding. As at 30 September 2025, interest bearing liabilities amounted to SEK 51,539 million (compared to SEK 52,497 million as at 30 September 2024) and comprises bank loans and unsecured bonds and commercial paper. As at 30 September 2025, shareholders' equity amounted to SEK 30,380 million (compared to SEK 29,194 million as at 30 September 2024), with an equity ratio of 33 per cent. (compared to 31 per cent. as at 30 September 2024). In 2015, Hemsö received a credit rating from S&P. The current rating is 'A- (stable outlook)'. In April 2020, Hemsö received a credit rating from Fitch. The current rating is 'AA- (stable outlook)'. In February 2025, Moody's assigned Hemsö a credit rating of A3 (stable outlook).

Responsibility for Hemsö's financial transactions and risks is managed centrally by its treasury department based in Stockholm. The department is tasked with managing existing debt, supplying new borrowing for acquisitions and investments, ensuring efficient liquidity management, and limiting financial risks. The work is governed by the financial policy adopted each year by the Board of Directors. The financial policy governs the allocation of

Overview of market

The markets for public properties are growing in all three countries where Hemsö is conducting business. Demand for community services, and therefore demand for properties for public use, is expected to increase as a consequence of the demographic trends of an ageing and increasing population generally. In Sweden, Germany and Finland, the standard and quality of properties for public use are high and are subject to detailed design and usage requirements.

In Sweden the market for public properties has generally increased over time. Despite the fact that competition in the category has increased, most of the properties for public use are still owned by Sweden's 290 municipalities and county councils. Hemsö Fastighets AB is an independent company and transacts with all entities, including those in the public sector, on an arm's length basis. Within community services, private sector alternatives are steadily increasing, with the consequence that the construction of new properties for private sector alternatives is increasingly being carried out by parties other than the Government, municipalities or county councils. It is thus likely that Sweden's stock of privately-owned properties for public use will continue to grow in the long term. In addition, there is a substantial need for further development of school premises and nursing homes in Sweden, a strong trend towards urbanisation and a growing appetite for the provision of public funding to finance the business/activities of Hemsö's tenants.

Properties for public use in Finland are also largely owned by the Government and municipalities. The privatisation of community services such as nursing homes, education and health care is less extensive. Going forward, Hemsö intends to continue to focus on supporting the public sector by providing new social infrastructure and will continue to benefit from the fact that it is one of the first private owners of properties for public use.

In Germany where Hemsö mainly owns nursing homes, care for the elderly takes place on a competitive basis. General and public nursing home insurance schemes were introduced in the mid-1990s. The insurance schemes are financed through a special payroll tax and managed by private insurance funds. When the insurance policy matures, the individual citizen can choose to receive care at home or move to a nursing home. Nursing homes are operated and owned by a range of providers, including private companies on a for-profit basis, charitable organisations, foundations and trade unions.

Between January and September 2025, a total of 6 properties were acquired for SEK 244 million. In Sweden, properties were acquired for SEK 38 million, in Germany for SEK 0 million and in Finland for SEK 206 million. Acquisitions have occurred in two of Hemsö's property categories (Education and Nursing home). Hemsö will continue to develop its portfolio through acquisitions and project development.

Property portfolio

On 30 September 2025, the market value of Hemsö's property portfolio, recognised as investment properties in the Group's condensed consolidated financial statements, amounted to SEK 86.9 billion (compared to SEK 85.6 billion as at 30 September 2024) and comprised 479 properties (485 as at 30 September 2024), of which the lettable area was 2,459,000m² (compared to 2,470,000m² as at 30 September 2024). During the most recent five-year period, the value of Hemsö's portfolio has increased in total by 46 per cent., representing average annual growth of 8 per cent. Hemsö's current portfolio has developed through acquisitions and project development and has been streamlined through the divestment of non-strategic properties. Growth has taken place with maintained profitability and a balanced approach to financial risk.

Hemsö's property portfolio is divided into the following property categories: nursing homes, education, healthcare and justice system. The properties are located in Sweden, Germany and Finland. As at 30 September 2025, Hemsö owned 306 properties (315 as at 30 September 2024) in Sweden, 87 (87 as at 30 September 2024) in Germany and 86 (83 as at 30 September 2024) in Finland. As at 30 September 2025, the market value of Hemsö's property portfolio, recognised as investment properties in the Group's condensed consolidated financial statements, amounted to SEK 86.9 billion (compared to SEK 85.6 billion as at 30 September 2024), which corresponds to SEK 35,380 per m² (compared to SEK 34,675 per m² as at 30 September 2024). This valuation is determined as an individual assessment of market value for each property, each quarter. The valuation method is based on a cash flow analysis which, in turn, is based on each property's budgeted net operating income. Market values are determined using both externally obtained valuations and Hemsö's internal calculation model. All properties are valued externally at least once a year. The valuation report for the year ended 31 December 2024 was delivered by Cushman & Wakefield (in relation to the Swedish portfolio), JLL and Cushman & Wakefield (in relation to the Finnish portfolio), and CBRE (in relation to the German portfolio). In recent years, Hemsö has created more efficient management units and continued its expansion in Finland and Germany.

In Sweden and Finland, Hemsö owns properties in each of the categories of nursing homes, education, healthcare and justice system.

The property portfolio in Germany consists of three categories: nursing homes, education and justice system. Hemsö's portfolios are concentrated in towns and cities in which there is deemed to be strong long-term demand for properties for public use.

The following charts show the distribution of the portfolio by contracted rent per property category:

Tenants and lease structure

The rental market for properties for public use is characterised by long leases, credit worthy tenants, low volatility as regards rent levels and limited risk of vacancy. Hemsö has a large number of leases, on average with long term maturities. The tenants are primarily comprised of the Swedish State, county councils, municipalities and private operators, including a couple of large, listed companies, who conduct publicly funded activities. The total rental value of the property portfolio on 30 September 2025 was SEK 5,180 million (compared to SEK 5,067 million as at 30 September 2024), of which the assessed rental value of vacant premises amounted to SEK 113 million (compared to SEK 126 million as at 30 September 2024).

The following table sets out Hemsö's 20 largest tenants as at 30 September 2025.

Public-sector Private-sector (Fin) = Finland (Ger) = Germany

As at 30 September 2025, the economic occupancy rate was 97.9 per cent. (compared to 97.6 per cent. as at 30 September 2024). As at 30 September 2025, the average remaining lease term was 8.9 years (compared to 9.2 years as at 30 September 2024). As at 30 September 2025, Hemsö had approximately 2,600 leases allocated (approximately 2,700 as at 30 September 2024), where 421 leases (compared to 426 leases as at 30 September 2024) were held by the 20 largest tenants. As at 30 September 2025, the 20 largest tenants accounted for 48 per cent. (compared to 47.9 per cent. as at 30 September 2024) of Hemsö's total lease value. Revenues from public sector tenants, i.e. the State, municipalities and county councils, accounted for 61 per cent. (61 per cent. as at 30 September 2024) of Hemsö's total lease value.

The following graph shows the rental maturity, annual rent SEK million.

According to the assessment of management, the majority of Hemsö's rental income contain provisions for the increase of rent in line with increases in CPI inflation. The long leases, combined with tenants with assured payment capability and a low vacancy rate, contribute to stable rental income and minimal bad debt losses.

TAXATION

The tax laws of the investor's state and of the Issuers' state of incorporation might have an impact on the income received from the securities. Prospective purchasers of Notes should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of those countries.

The following is a general description of certain tax considerations relating to the Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes, whether in those countries or elsewhere. Prospective purchasers of Notes should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of those countries. This summary is based upon the law as in effect on the date of this Base Prospectus and is subject to any change in law that may take effect after such date.

The Kingdom of Sweden

The following summary outlines certain Swedish tax consequences of the acquisition, ownership and disposal of Notes. The summary is based on the laws of Sweden as in effect as of the date of this Base Prospectus and is intended to provide general information only. The summary is not exhaustive and does thus not address all potential aspects of Swedish taxation that may be relevant for a potential investor in the Notes and is neither intended to be nor should be construed as legal or tax advice. In particular, the summary does not address the rules regarding reporting obligations for, among others, payers of interest. Specific tax consequences may be applicable to certain categories of corporations, e.g. investment companies and life insurance companies, not described below. In addition, the summary does not address Notes that are held on an "investment savings account" (investeringsparkonto) that are subject to a specific tax regime. Investors should consult their professional tax advisers regarding the Swedish and foreign tax consequences (including the applicability and effect of taxation treaties) of acquiring, owning and disposing of Notes in their particular circumstances.

Non-resident holders of Notes

As used herein, a non-resident holder means a holder of Notes who is (a) an individual who is not a resident of Sweden for tax purposes and who has no connection to Sweden other than his/her investment in the Notes, or (b) an entity not organized under the laws of Sweden.

Payments of any principal amount or any amount that is considered to be interest for Swedish tax purposes to a non-resident holder of any Notes should not be subject to Swedish income tax provided that such holder does not carry out business activities from a permanent establishment in Sweden to which the Notes are effectively connected. Under Swedish tax law, no withholding tax is imposed on payments of principal or interest to a non-resident holder of any Notes.

Under Swedish tax law, a capital gain on a sale of Notes by a non-resident holder will not be subject to Swedish income tax unless the non-resident holder of Notes carries on business activities in Sweden through a permanent establishment to which the Notes are attributable.

Private individuals who are not resident in Sweden for tax purposes may be liable to capital gains taxation in Sweden upon disposal or redemption of certain financial instruments, depending on the classification of the particular financial instrument for Swedish income tax purposes, if they have been resident in Sweden or have lived permanently in Sweden at any time during the calendar year of disposal or redemption or the ten calendar years preceding the year of disposal or redemption. This liability may, however, be limited by tax treaties between Sweden and other countries.

Resident holders of Notes

As used herein, a resident holder means a holder of Notes who is (a) an individual who is a resident in Sweden for tax purposes or (b) an entity organized under the laws of Sweden.

Generally, for Swedish corporations and private individuals (and estates of deceased individuals) that are resident holders of any Notes, all capital income (e.g. income that is considered to be interest for Swedish tax purposes and capital gains on Notes) will be taxable.

Amortization of principal is not otherwise subject to Swedish income tax. Swedish tax law does not impose withholding tax on payments of principal or interest to a resident holder of notes. However, if amounts that are considered to be interest for Swedish tax purposes are paid to a private individual (or an estate of a deceased person) that is a resident holder of Notes, Swedish preliminary tax (*preliminärskatt*) is normally withheld on such payments at a rate of 30 per cent.

Finnish taxation

The following overview is based on the tax laws of Finland as in effect on the date of this Base Prospectus, and is subject to changes in Finnish law, including changes that could have a retroactive effect. The following overview does not purport to be a comprehensive description of all Finnish tax law considerations that could be relevant for holders of the Notes and does not take into account or discuss the tax laws of any country other than Finland. This overview addresses neither Finnish gift nor inheritance tax consequences. Prospective investors are advised to consult their own professional tax advisers as to the tax consequences relating to investments in the Notes.

Withholding Tax

Under current Finnish domestic tax law, all payments made by Hemsö Fastighets AB or Hemsö Treasury Oyj under the Notes may be made free of withholding or deduction for any taxes of whatsoever nature imposed, levied withheld or assessed by Finland, except if the holder of the Notes to which any such payment relates is connected with the Republic of Finland otherwise than solely by the holding of the Notes or the receipt of income therefrom.

Finnish Resident Individuals

A tax at source, in accordance with the Act on Tax at Source of Interest Income (1341/1990, as amended), has to be withheld from the interest paid to a Finnish resident individual or an undistributed estate of deceased Finnish resident, unless otherwise indicated below. The tax at source is currently 30 per cent of the amount of interest paid.

However, the Finnish Act on Source Tax on Interest Income is not applicable, inter alia, if a prospectus does not have to be prepared with respect to the Notes due to (i) the Notes being provided to qualified investors only, (ii) the offer being addressed in each country belonging to the EEA to a maximum number of under 150 investors who are not qualified investors, or (iii) the Notes not being offered for a consideration of less than EUR 100,000 per investor and for each separate offer or in denomination of less than EUR 100,000 per unit. In this case the Finnish tax rules are as follows: If the recipient of interest paid on the Notes is a Finnish resident individual or an undistributed estate of a deceased Finnish resident, such interest is subject to advance withholding tax in accordance with the Finnish Withholding Tax Act (20.12.1996/1118, as amended) and final taxation as capital income in accordance with the Finnish Income Tax Act (30.12.1992/1535, as amended) (the Finnish Income Tax Act). The current withholding tax rate is 30 per cent. The advance tax withheld by the company is credited against the final tax payable by the recipient of interest paid on the Notes. The final capital income tax rate is 30 per cent up to EUR 30,000 and 34 per cent of the annual capital income exceeding EUR 30,000.

If the Notes are disposed of during the loan period, any capital gain received is taxed as capital income at a flat rate of 30 per cent up to EUR 30,000 and 34 per cent of the annual capital income exceeding EUR 30,000. Capital losses are deducted in the first place from capital gains incurred during the loss year. If the losses cannot be deducted from capital gains, they can be deducted from other capital income incurred during the loss year. The losses that cannot

be deducted from capital gains nor other capital income incurred during the loss year will be used as the basis for confirming the capital losses for that tax year, and those confirmed losses would be deductible from capital gains and other capital income for the next five years. Capital gains are tax-free if the total transfer prices of all assets transferred during the tax year do not exceed EUR 1,000. Correspondingly, capital loss is non-deductible if the total acquisition costs of all assets transferred during the tax year do not exceed EUR 1,000 and the total transfer prices of all assets transferred during the tax year do not exceed EUR 1,000.

Eventual interests, capital gains or losses shall be reported in the annual tax return.

Finnish Resident Corporations

If the recipient of interest paid on the Notes is a corporation residing in Finland as further defined in the Finnish Income Tax Act, such interest is not subject to any preliminary withholding. The interest is subject to final taxation of the recipient in accordance with the Finnish Business Income Tax Act (24.6.1968/360, as amended). The current rate of corporate income tax is 20 per cent.

Capital gains are currently taxed at a flat rate of 20 per cent. Generally, a capital loss is deductible from the resident corporations' income arising in the same year and during the following ten fiscal years.

Eventual interests, capital gains or losses shall be reported in the annual tax return.

Non-Residents

Non-residents are not subject to taxation in Finland under the Notes. When Hemsö Treasury Oyj effects payments through a paying agent or intermediary who is a Reporting Financial Institution under Common Reporting Standard, FATCA or Council Directive 2014/107/EU of 9 December 2014, the intermediary should ensure that the recipient of the payment is non-resident for Finnish tax purposes. When the paying agent or other intermediary (such as a financial institution) effecting the payment to the holder of Note is resident in Finland for tax purposes or the payment is made through a Finnish permanent establishment of a non-resident paying agent or intermediary, the entity effecting the payment should also ensure whether the recipient of the payment is non-resident for Finnish tax purposes.

The interest paid to an individual or a corporation not residing in Finland may be subject to tax regulations in their state of residence.

Transfer Tax

Generally, the transfer tax amounting 1.5 per cent is payable on transfers or sales of the securities. However, the Notes are not classified as securities within the meaning of the Finnish Transfer Tax Act (29.11.1996/931, as amended) and, thus, transfer tax is not payable, provided that the yield of the Note is not determined by the profit of the Issuer or by the amount of dividend or otherwise entitles to the share of annual profit or surplus of the Issuer.

No transfer tax is payable in Finland on transfers or sales of the securities admitted to trading on the regulated market or other multi-lateral trading facility.

The proposed financial transactions tax ("FTT")

On 14 February 2013, the European Commission published a proposal (the "**Commission's proposal**") for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "**participating Member States**"). However, Estonia has since stated that it will not participate.

The Commission's proposal has very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission's proposal, FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate.

Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.

The Foreign Account Tax Compliance Act ("FATCA")

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a "**foreign financial institution**" (as defined in FATCA) may be required to withhold on certain payments it makes ("**foreign passthru payments**") to persons that fail to meet certain certification, reporting, or related requirements. Each Issuer may be a foreign financial institution for these purposes. A number of jurisdictions (including the Kingdom of Sweden and the Republic of Finland) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA ("**IGAs**"), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, such withholding would not apply prior to the date that is two years after the publication of the final regulations defining "foreign passthru payment" and Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes issued on or prior to the date that is six months after the date on which final regulations defining "foreign passthru payments" are filed with the U.S. Federal Register generally would be "grandfathered" for purposes of FATCA withholding unless materially modified after such date (including by reason of a substitution of the Issuer). However, if additional notes (as described under "*Terms and Conditions of the Notes—Further Issues*") that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisers regarding how these rules may apply to their investment in the Notes. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

SUBSCRIPTION AND SALE

Notes may be sold from time to time by the relevant Issuer to any one or more of Barclays Bank Ireland PLC, BNP PARIBAS, Citigroup Global Markets Europe AG, Citigroup Global Markets Limited, Danske Bank A/S, Deutsche Bank Aktiengesellschaft, Nordea Bank Abp, Skandinaviska Enskilda Banken AB (publ), Svenska Handelsbanken AB (publ) and Swedbank AB (publ) and any additional dealers that may accede to the programme from time to time (the "**Dealers**"). The arrangements under which Notes may from time to time be agreed to be sold by the relevant Issuer to, and subscribed by, Dealers are set out in an amended and restated dealer agreement dated 5 November 2025 (the "**Dealer Agreement**") and made between the Issuers, the Guarantor, and the Dealers. The Dealer Agreement provides that the obligation of any Dealer to subscribe for Notes under any Relevant Agreement (as defined therein) is subject to certain conditions and that, in certain circumstances, a Dealer shall be entitled to be released and discharged from its obligations under any such agreement prior to the issue of the relevant Notes. If in the case of any Tranche of Notes the method of distribution is an agreement between the relevant Issuer, the Guarantor (if applicable), and a single Dealer for that Tranche to be issued by the relevant Issuer and subscribed by that Dealer, the method of distribution will be described in the relevant Final Terms as "Non-Syndicated" and the name of that Dealer and any other interest of that Dealer which is material to the issue of that Tranche beyond the fact of the appointment of that Dealer will be set out in the relevant Final Terms (or Drawdown Prospectus, as the case may be). If in the case of any Tranche of Notes the method of distribution is an agreement between the relevant Issuer, the Guarantor (if applicable) and more than one Dealer for that Tranche to be issued by the relevant Issuer and subscribed by those Dealers, the method of distribution will be described in the relevant Final Terms as "Syndicated", the obligations of those Dealers to subscribe the relevant Notes will be joint and several and the names of those Dealers and any other interests of any of those Dealers which is material to the issue of that Tranche beyond the fact of the appointment of those Dealers (including whether any of those Dealers has also been appointed to act as Stabilisation Manager in relation to that Tranche) will be set out in the relevant Final Terms (or Drawdown Prospectus, as the case may be).

Any such agreement will, *inter alia*, make provision for the form and terms and conditions of the relevant Notes, the price at which such Notes will be subscribed by the Dealer(s) and the commissions or other agreed deductibles (if any) payable or allowable by the relevant Issuer in respect of such subscription. The Dealer Agreement makes provision for the resignation or termination of appointment of existing Dealers and for the appointment of additional or other Dealers either generally in respect of the Programme or in relation to a particular Tranche of Notes. Each new Dealer so appointed will be required to represent, warrant and undertake to the following selling restrictions as part of its appointment.

The Dealers will be entitled in certain circumstances to be released and discharged from their obligations in respect of a proposed issue of Notes under or pursuant to the Dealer Agreement prior to the closing of the issue of such Notes, including in the event that certain conditions precedent are not delivered or do not meet their satisfaction on or before the issue date of such Notes. In this situation, the issuance of such Notes may not be completed and investors will have no rights against the relevant Issuer, the Guarantor (if applicable) or the relevant Dealers in respect of any expense incurred or loss suffered in these circumstances.

Selling Restrictions

United States of America: *Regulation S Category 2; TEFRA D or TEFRA C as specified in the relevant Final Terms or neither if TEFRA is specified as not applicable in the relevant Final Terms (or Drawdown Prospectus).*

The Notes and Guarantee of the Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S.

The Bearer Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a U.S. person, except in certain transactions permitted by U.S. tax regulations.
